**Sub: - Clarification in respect Notification dated 05.10.2018 - Scheme for defraying expenditure towards internal transport, freight, handling and other charges on export.**

Dear Sir/Madam,

Reference is invited to above notification whereby the Central Government, with a view to facilitate export of sugar during the sugar season 2018-19, notified the Scheme for defraying expenditure towards internal transport, freight, handling and other charges on export.

2. Representations have been received seeking clarification as to whether name of the sugar mill is required to be mentioned in the bills/invoices in respect of expenditure incurred towards internal transport, freight, handling and other charges on export of sugar. In this regard, it is clarified that since the sugar mill which has been allocated MIEQ for export, is eligible for reimbursement of expenditure on transport freight, handling and other charges, it is required to enter into an agreement among MIEQ holder, source sugar mill from which sugar is physically exported and the exporter; even the bills/invoices and raised by exporter, the name of MIEQ holder and source mill supplying sugar for export, should be mentioned in these bills/invoices within bracket "for and on behalf of MIEQ quota holder sugar mill".

Yours faithfully,
