EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 ANNEXED AND FORMING PART OF THE NOTICE

Item No. 4

Mr. Raj Kumar Adlakha, Managing Director was re-appointed as Managing Director of the Company w.e.f. 01st September, 2015 to 31st March, 2018 on the recommendation of Nomination and Remuneration Committee duly approved by Board of Directors and confirmed by shareholders in AGM held on 15th December, 2014 on the remuneration of Rs. 3,75,000/- per month. However, Mr. Raj Kumar Adlakha, Managing Director of the Company did not draw his remuneration in view of the loss incurred by the Company. Accordingly, Remuneration to Mr. Raj Kumar Adlakha was not paid for the period from 1st September, 2015 to 30th June, 2016.

Now, in the context of improvement in the performance of the Company, the Nomination and Remuneration Committee, in its meeting held on 11th August, 2016 recommended and the Board of Directors, in its meeting held on 11th August, 2016, approved the payment of remuneration of 8,00,000/- per month (excluding perquisites) to Mr. Raj Kumar Adlakha (DIN : 00133256), as Managing Director of the Company w.e.f 1st July, 2016 to 31st March, 2018 subject to the approval of the shareholders in the General Meeting and the Central Government.

The terms and conditions of remuneration of Mr. Raj Kumar Adlakha are detailed below:

1. Effective date of remuneration :

The remuneration will be effective from 01st July, 2016 to the remaining tenure upto 31st March, 2018.

2. Overall Remuneration:

Subject to the provisions of Section 196, 197, 198 and 203 and other applicable provisions, if any, of the Companies Act, 2013, the remuneration payable to the Managing Director shall not exceed overall ceiling stipulated in Section 197 of the Companies Act, 2013 or such other limits as may be specified under the relevant legislation prevailing from time to time. Within the aforesaid ceiling, the remuneration payable to him shall be as follows:

a. Salary

Rs. 96,00,000/- per annum consisting of monthly payment of Rs. 8,00,000/- per month.

b. Perquisites: In addition to above remuneration the Managing Director shall also be entitled to perquisites like gas, electricity, water and furnishings, medical reimbursement, club fees, medical insurance etc. in accordance with the rules of the Company subject to maximum of Rs.1,00,000/- (Rupees One Lac Only) per month.

Note:

The incumbent shall also be entitled to the following benefits/perquisites, however the same will not be included in the computation of ceiling on minimum remuneration specified herein above.

- i) Company's contribution to Provident Fund and Superannuation Fund or Annuity Fund shall not be included in the computation of the ceiling on perquisites to the extent these either singly or put together are not taxable under the provisions of the Income Tax Act.
- ii) **Gratuity:** One half month's salary for each completed year of service in accordance with the rules of the Company
- iii) Encashment of leave at the end of the tenure as per the policy of the Company.
- iv) Provision of car for use on Company's business and telephone at residence will also not be considered as perquisites. Personal long distance calls and use of car for private purpose shall however be billed by the Company to the Managing Director.

Explanation:

The value of Perquisites shall be determined as per Income Tax Rules, 1962, wherever applicable and in the absence of any such rule, perquisites will be evaluated at actual cost.

c. Commission: In addition to above remuneration (Salary and Perquisites) the Managing Director shall also be entitled to commission not exceeding 4% of the net profits of the Company subject to the overall ceiling stipulated in Sections 197 of the Companies Act, 2013, payable for financial year in which adequate profits is earned.

3. Minimum Remuneration

Notwithstanding anything to the contrary herein contained, where in any financial year during the currency of the tenure of the Managing Director, the Company has no profits or its profits are inadequate, the Company will pay remuneration by way of salary and perquisites as specified in Section II of Part II of Schedule V of the Companies Act, 2013 @ Rs. 9,00,000/- per month (including perquisites) which is the present limit of remuneration payable or as may be amended from time to time.

4. Functions

REVIEW OF OPERATIONS

The Financial Results for the year 2015-16 are for a period of 9 months and are not comparable with the results of 2014-15 which were for a period of 12 months.

Sugar Division

Operational data of the Company for the financial year 2015-2016 and 2014-2015 are as under:

Financial Year	Cane crushed (In Lakhs Qtls.)	Sugar produced (In Lakhs Qtls.)	Recovery %
2015-2016	185.93	19.79	10.64
2014-2015	234.33	22.81	9.73

Following are the season wise data of Cane crushed and Sugar produced:

Crushing Season	Cane crushed (In Lakhs Qtls)	Sugar produced (In Lakhs Qtls)	Recovery %
2015-2016	201.12	21.64	10.76
2014-2015	234.33	22.81	9.73

The Company registered a gross turnover of Sugar of Rs.73,679 lacs for the 9 months ended 31st March, 2016 against Rs. 65,090 lacs for the 12 months ended 30th June, 2015 (Gross turnover of Sugar of Rs 49,351 lacs for the 9 months ended 31st March, 2015) – an increase of gross turnover of 49.30 % on Pro rata Basis. The sales

Uttam Sugar Mills Limited

realization at Rs.2,882 per qtls was higher as compared to Rs.2,854 per qtls for the previous year 12 months ended 30th June, 2015.

During the current season, company commenced its crushing season in last week of November 2015. The results were better as compared to previous season in terms of recovery mainly due to optimum mix of better cane varieties. However, the crushing was lower as compared to last season mainly due to reduced area of sugar cane crop as compared to last season.

Sugar: The Company's aggregate sugar cane crushing was lower at 201.12 lakhs qtls during the season 2015-16 as against 234.33 lakhs qtls in 2014-15 season due to lower cane availability. The Company had a higher recovery of 10.76% as against 9.73% in previous season. The increased recovery was mainly due to optimum mix of better cane varieties and varietal replacement. The Company continued to focus on cane development activities, comprising of varietal replacement with proven high sugared varieties, change in pattern of sowing, ratoon management, encouraging use of Bio - fertilizers and Bio-pesticides etc. and modern agricultural practices due to which the recovery and crushing is expected to improve in the coming season.

The Uttar Pradesh and Uttarakhand Government have announced State Advised Price (SAP) for sugarcane at Rs.280 per quintal for season 2015-16. The State Governments retained the same State Advised Price (SAP) for the current sugar season 2015-16 also. Some subsidies/ reliefs have also been announced by both the governments, details of which are given below :-

- i. The cane price of Rs.280 per quintal would be paid to farmers in two installments. In case of Uttar Pradesh the first installment of Rs.230 per quintal (Rs.240 per quintal in Uttarakhand) would be paid as per normal practice and the remaining Rs.50 per quintal (Rs.40 per quintal in Uttarakhand) would be paid within three months after the end of the crushing season.
- ii. State Govt. of U.P. / Uttarakhand had announced financial assistance of Rs. 23.30/- per quintal of cane for the sugar season 2015-16 linked to average selling price of sugar and it's by-products and the average overall net revenue which is to be recommended by the Committee constituted by the Government of Uttar Pradesh / Uttarakhand.

In case of Uttarakhand the same has already been approved by the Committee and first installment @ Rs. 13.30/- qtl has already been released by the Government.

- iii. U.P. and Uttarakhand Government also granted additional concessions/ reliefs of Rs.11.70 per quintal of cane to the millers for the season 2015-16 covering the following heads:

	Rs. (Per Qtls)
Waiver of Entry Tax on sugar	– Rs. 2.80
Waiver of cane purchase tax	– Rs. 2.00
Waiver/ reimbursement of Society Commission	– Rs. 6.90
Total	Rs. 11.70

- iv. Central government has notified a production subsidy @ Rs 4.50/-qtl on cane based on completion of Export Quota and production of Ethanol of 80% of target. However this subsidy was later on discontinued in the month of June 2016.

Apart from the Cane Development Activities like varietal replacement, change in pattern of sowing, ratoon management etc. company is further strengthening the cane development activities by way of development of in house agri research centre, integrated pest management programme, Soil testing facilities, encouraging use of Bio fertilizers and Bio pesticides and training facilities for the farmers and the cane development staff. These efforts will produce the desired result in the form of improved recovery and higher crush during the coming Sugar season 2016-17.

From the month of March 2016 onwards, the price of Sugar has stabilised as compared to previous season.

Co-generation Division

During the period under review, your company produced 1,460.60 lakhs KWH units of power as compared to 1,842.64 lakhs units of power in the year 2014-2015 (12 M). Out of total production, your company exported 742.82 lakhs KWH units to UPPCL/UPCL for a total amount of Rs. 3,676.96 lakhs against 992.49 lakhs KWH for an amount of Rs. 4,532.27 lakhs in the previous year.

Uttam Sugar Mills Limited

Company has installed Bagasse Dryer at Barkatpur unit and successful trial has been completed by the company. With the installation of Bagasse Dryer, Power Export and Bagasse saving will increase and hence, higher revenue is expected.

Distillery Division

Your company has a Distillery with an installed capacity of 75 KLPD at Barkatpur (Distt. Bijnor) in the State of Uttar Pradesh. During the year under review 135.76 lakhs bulk litres (BL) of industrial alcohol produced as compared to 120.42 lakhs bulk litres in the year 2014-15 (12 M) and your company sold 137.59 lakhs bulk litres industrial alcohol (including Ethanol) as compared to 90.87 lakhs bulk litres in the previous year.

During the year CO₂ extraction plant was installed at Distillery with the collaboration of third party. CO₂ gas produced and sold of 20.79 lakh kg amounting to Rs 52 lakh during the year.

Future Outlook

Sugar industry association has requested the State Government for fixing of cane price based on the revenue sharing of realisation from sugar and by-products. For the last few months the price of Sugar has stabilised both at International and Domestic level.

The Central Government is considering to increase the blending % of Ethanol in Petrol from 5% to 10%. This will improve the demand of Ethanol. Excise exemption on Ethanol will further increase the realization of Ethanol.

DIVIDEND

In view of the losses incurred during the previous financial years and carried forward losses, your Directors are unable to recommend any dividend.

The Dividend on Cumulative Redeemable Preference Shares (Series I - 6.5% and Series II - 10%) are being accumulated and will be paid when adequate profits will be generated to wipe off the carried forward losses.

FIXED DEPOSITS

MANAGEMENT DISCUSSION AND ANALYSIS

Your Directors are pleased to present its Management Discussion and Analysis Report as per Regulation 34 (2) (e) of the Disclosure guidelines for Corporate Governance.

A. INDUSTRY STRUCTURE & DEVELOPMENTS

Global Sugar Industry Scenario:

Global Sugar production in Sugar Season 2015/16 is 166.83 Million MT with a drop of 3.06% over 172.10 Million MT in Sugar Season 2014/15, largely led by the top two sugar producing countries i.e. Brazil and India.

Industry Facts:

- Sugar is one of the world's major agro-based industry and is also one of the most actively traded soft commodity on the exchanges.
- More than 80% of sugar produced is from sugarcane while balance is from sugar beet.
- Brazil & India are the largest sugar producers from Sugarcane & EU (European Union) and US are the major sugar producers from sugar beet.
- Brazil, India, EU, Thailand, China and U.S are the top global producers of Sugar.
- India, EU, China, Brazil & U.S are the major sugar consuming countries.
- India is the 2nd largest producer of sugar in the world after Brazil.
- ISO projects global deficit of over 5 million tons in 2015-16.
- India Share in World Sugar Production was approx 15 % in 2015-16.
- Brazil was largest exporter in sugar.
- Major export destinations for India in 2015-16 are Sudan, Somalia, UAE, and Myanmar.

Production, Consumptions and End Stocks:

The global sugar industry production is 166.83 Million MT in 2015/16 with a drop of 3.06% as compared to 2014/15. However in consumption there is slight increase by 0.20% to 171.85 Millions MT in 2015/16 as compared to 2014/15, resulting into inventory levels for the 2014/15 and 2015/16 at 76.74 Million MT and 71.85 Million MT respectively. There is a decrease in the closing stock to consumption ratio in 2015/16 at 41.81% as against 44.75% at the end of 2014/15.

The global sugar market continues to under price Fluctuation. During last one year raw sugar price fluctuated immensely. In march 2015 the raw sugar price were 13.16 cents/lb which come down at lowest level of 11.5 cents/lb in September 2015 and thereafter increasing trend started and in March 2016 the Raw sugar price was 15.43 cents/lb. The main reasons for some price improvements are as under:

Uttam Sugar Mills Limited

- Fall in the Sugar Production.
- Shortfall expected in coming season 2016-17.
- Some demand increased in African countries.

According to ISO, the world production is lower than the consumption which would reduce the pressure from Global Stock accumulated over last 4-5 seasons.

During the coming season 2016-17 a lower production is expected as compared to consumption. This will offset a part of quantity of shortfall in India, China etc. It is expected that Global sugar prices may remain at higher level during the current year.

INDIAN PERSPECTIVE OF SUGAR INDUSTRY

- As compared to about 280 lakh tons of Sugar Produced in Sugar Season 2014-15, the production is approx. 251 lakh tons in Sugar Season 2015-16.
- The Sugar Mill in Maharashtra produced 81 lakh ton of sugar, followed by UP at 66 lakh tons & Karnataka at 40 lakh tons upto March 2016.
- As compared to previous Sugar Season the production was higher in UP by around 4%, while in Maharashtra & Karnataka production was lower by 13 % & 6 % respectively.
- In case of Tamil Nadu being fourth largest state, the production is higher by 6 % as compared to previous season.
- Taking into the export & domestic consumption, the expected sugar stock as on 30th September, 2016 will be 70 lakh tons.
- Sugar prices remained low till end of December 2015. However it started improving from the first week of January 2016 but there were fluctuations till end of February 2016 but thereafter price is in increasing trend.
- The following chart depicts State Wise details of Cane crushed and sugar recovery thereof in 2015-16.

- Ex-mill price of sugar started improving from the beginning of the season itself. In October, 2015, ex-mill price in U.P. was Rs.2630 / qtl. Which improved by Rs.400 per quintal in January 2016.
- Due to excess supply against the low demand, there was a slight drop in the month of February 2016. However, ex-mill price started improving in the later part of March, 2016.

The following chart explains price trend during the period from October 2015 to March, 2016.

Trade:

With the recent increase in Sugar Price, the export is viable specifically for Maharashtra, Karnataka & Tamil Nadu. Due to export of Sugar, the price is expected to remain stable.

At the start of sugar season 2015-16, Central Government has introduced a Scheme with allocation of Minimum Indicative Export Quota (MIEQ) with Incentive of fulfilment of the scheme. Due to improvement in the market, the Central Government has withdrawn the above scheme in the month of June 2016. Apart from above, in the month of June 2016 notification has also been issued for imposition of Export Duty @ 20% for Export. Due to these restrictions, now the Export would not be as viable proposition and this will effect the prices of Sugar.

Further, the Central Government also imposed stock holding limits on the sugar dealers in anticipation that the sugar is not reaching into retail market and was getting hoarded by few dealers, due to which the price has affected.

Due to above reasons the price of sugar was fluctuating in last 4-5 months. However it is expected that Sugar Price will be stable in coming months.

Sugarcane Production and Pricing Policy:

The Government of India (GOI) supports research, development, training of farmers and transfer of new varieties and improved production technologies to growers in its endeavour to raise cane yields and sugar recovery rates. Following Cane Development activities which improve the productivity, yield & Sugar Recovery Percentage of Sugarcane, are undertaken:

- a. Varietal Replacement with proven high recovery varieties.
- b. Ratoon management.
- c. Development of Agri Research Centres.
- d. Integrated Pest Management Programme.
- e. Soil testing facilities.
- f. Encouraging use of Bio Fertiliser & Bio pesticides.
- g. Training facilities to the Farmers.

The Indian Council of Agricultural Research (ICAR) conducts sugarcane research and development at the national level. State agricultural universities, regional research institutions, and state agricultural extension agencies support these efforts at the regional and state levels. The central and state governments also support sugarcane growers by ensuring finances and input supplies at affordable prices. To increase the area of cultivation and production in India, a centrally sponsored scheme called the Sustainable Development Fund of Sugarcane Based Cropping System Area under the Macro Management Mode of Agriculture is being implemented in various sugarcane growing states.

The GOI establishes a fair and remunerative price system (FRP) for sugarcane on the basis of recommendations by the Commission for Agricultural Costs and Prices (CACP) and after consulting state governments and associations of the sugar industry and cane growers.

Following factors are considered for fixation of FRP:

- Cost of Production of Sugarcane.
- Recovery of Sugar from Sugarcane.
- Inter Crop Price parity.
- Price of Sugar Sold.
- Reasonable margins to Farmers.
- Realisation of by - products.

Citing differences in cost of Production, productivity levels & also as a result of pressure from Farmer’s Group, some states declare state specific sugarcane prices called State Advised Prices (SAP), usually higher than FRP.

Sugar Mills are required to pay the “State Advised Price (SAP)” to sugarcane farmers irrespective of the Market Price of Sugar. Softening Sugar Prices, coupled with apprehensions of large cane crop, discouraged the sugar mills to pay higher cane prices.

Given below is a chart depicting the difference in the State Advised Cane Price (SAP) between 2014-15 and 2015-16 in the major sugar producing states:

State	2014-15 (SAP)	2015-16 (SAP)	2015-16 (FRP)*
Bihar	255	255	230
Uttar Pradesh	280	280	230
Punjab	285	285	230
Haryana	305	305	230
Maharashtra	-	-	230
Karnataka	250	250	230
Andhra Pradesh	-	-	230
Tamil Nadu	265	285	230
Uttarakhand	280	280	230

Source : ISMA/AGRIWATCH

Note :-

1. *FRP linked with basic recovery rate at 9.50% subject to a premium of Rs. 2.42/- per qtl for every 0.1% point increase in recovery above that level.
2. In Maharashtra & Andhra Pradesh the SAP & FRP are same.

Sugar Production and Marketing Policy:

Sugar Development Fund:

The GOI levies a sugar cess of Rs. 240 per ton of sugar produced by mills for the Sugarcane Development Fund (SDF), which is used to support research, extension, and technological improvement in the sugar sector. The SDF is also often used to support sugar buffer-stocks operations, provide a transport subsidy for sugar exports, and provide subsidised loans for the installation of power generation, ethanol production plants, pollution control equipments, Cane Development activities and interest benefit on the loans given to sugar mills equivalent to excise duty or Soft Loan. In March 2008, the GOI enacted the Sugar Development Fund (Amendment) Bill, 2008, that enables the government to include the use of the fund for debt restructuring and granting soft loans to sugar mills. In the last season subsidy @ Rs 45/- ton on Cane also announced by Central Government subject to fulfilment of export under MIEQ. Funding was to be done by SDF for the subsidy. For funding the subsidy, sugar cess levy increased from Rs 240/ ton to Rs 1240/ ton on sugar w.ef 01/02/2016.

However, later on the MIEQ scheme was withdrawn by the Central Government in the context of improvement in price of sugar.

Ethanol Manufacture:

Brazil is one of the major Bio-ethanol (from sugarcane) producers and the exporter. USA is the major producer of ethanol from corn due to abundance production of corn in the country. Ethanol from sugar cane juice is not being produced in USA. .

Global ethanol production was dominated by the United States and Brazil, which retained their top spots, other significant producers of ethanol included China and Canada.

In India ethanol is produced mainly from molasses which is a by-product, extracted from the sugar cane during manufacture. India is the fourth largest Ethanol producer after Brazil, U.S. and China.

Ethanol is produced by the fermentation of Molasses in India, a by-product of Sugar. 45 kg of Molasses is produced from 1 ton of Cane, from which about 10 litre of Ethanol can be obtained. If the sugarcane is directly & fully used in Ethanol manufacturing, the yield of Ethanol is 70 litres per ton.

Ethanol Blending Programme (EBP):

The Cabinet Committee on Economic Affairs (CCEA) in its meeting held on 22nd November, 2012 decided that:

- (i) 5% mandatory ethanol blending with petrol as already decided by CCEA in the past, should be implemented across the country;
- (ii) procurement price of ethanol will be decided henceforth between OMCs (Oil Manufacturing Companies) and suppliers of ethanol; and
- (iii) the 5% mandatory blending will be reckoned for the country as a whole and it be achieved by 30th June, 2013.

Accordingly, a Gazette Notification was issued directing OMCs to sell ethanol blended Petrol with percentage of ethanol upto 10%. Further, there are few constraints in implementation of EBP, possible solution to which is being provided by the Ministry.

India has capacity to produce 224 crore litres of Ethanol, out of which 200 crore litre capacity are attached with 130 sugar plants and remaining are from standalone distilleries. For meeting the demand at 10%, blending requires 266 crore litres for which the capacity has to be increased.

The meeting held on August 24, 2015 under the Chairpersonship of Secretary (Food & Public Distribution), Ministry of Consumer Affairs, Food & Public Distribution, Government of India to discuss the issues relating to implementation of EBP at the scaled up blending target of 10%. Following issues were discussed:

1. Government has decided to scale up Blending target to 10% commencing from next Sugar Season 2015-16 as against the current target of 5%. This would require proper planning of Logistics involved & resolving various transaction barriers of licences & permits.

Uttam Sugar Mills Limited

2. Secretary highlighted the increasing of production of Ethanol & also offers opportunities of value addition which will help Industry to cope up with the present liquidity crisis.
3. Secretary requested the OMCs to plan for enhancing storage capacities in their depot.
4. A presentation was made by the government officials explaining the government strategy as under:
 - To achieve capacities to enable conversion of surplus molasses & sugar into ethanol for achieving 10% blending targets under EBP.
 - Projected state – wise ethanol demand profile for 2015-16 season at 10 % blending. The total requirement was 266 cr litres.
 - Scope of using B- Hy Molasses to make up the shortfall.
 - Requested all ethanol suppliers to come on grid, mills to upgrade & access SDF for the purpose, rationalise trade barriers.
 - A detailed description of the “grid” was given which networked the distilleries to the OMC depots and detailed the quantities to be supplied.
5. The secretary concluded that all distilleries which are presently only capable of producing alcohol, should upgrade their capacities for ethanol & access SDF funds. Secretary also asked to the State Government officials to facilitate creation of ethanol distillation capacities and avail of SDF financing for the purpose.

Last year the Government has fixed the price mechanism for Ethanol Blending based on the distance of the depots.

PESO Licences

The Distilleries which are having the ethanol storage required to get the licence from Petroleum & Explosive Safety Organisation (PESO) and the State Government are insisting to Distilleries for the same. Almost all the Distilleries have started the process of getting licences.

Key Government initiatives for Ethanol Manufacturing /Despatches

Central Government has taken action/ Initiative for Ethanol Blending programme which are as under:

- a) Exemption on Central Excise duty were given on Ethanol produced from the molasses generated from Cane crushed in sugar season 2015-16 for supply to oil companies. This will increase the realisation of Ethanol.
- b) Bio enriched organic manure which being manufacture of mixing with press mud & effluent of Distillery are included in Fertilizer Control Order 1985. This move will be beneficial to Distillery and sugar mills for disposal of manure at good return.
- c) The Central Government amend the Industrial Development Regulation Act (IDR Act) 1951 in which the power of Central & State Government are clearly demarcated on Alcohol / Ethanol. This move will be beneficial as the most of the problems and hurdles are due to the control and levy of taxes & duties on Ethanol by State Governments.

Key Government initiatives in Sugar Sector

By Central Government

Compulsory export scheme has been announced by the Central Government to the extent of approx. 15% of the Sugar Production during the sugar season 2015-16 with a benefit of Cane Subsidy @ Rs 4.50/ qtl subject to completion of required export under the scheme. Benefits of the scheme taken by some units in Maharashtra. However, later on the scheme was withdrawn due to improvement in the sugar prices.

By State Government for the season 2015-16 (U.P./Uttarakhand)

The Uttar Pradesh and Uttarakhand Government have announced State Advised Price (SAP) for sugarcane at Rs.280 per quintal for season 2015-16. The State Governments retained the same State Advised Price (SAP) for the current sugar season. 2015-16 also. Some subsidies/ reliefs have also been announced by both the governments, details of which are given in the Director's Report.

Future Expectations/ Announcements

1. The states of Maharashtra and Karnataka are producing more than 50% of sugar production in country. These states have already implemented the Rangrajan Committee formula. In Uttar Pradesh the industry

Uttam Sugar Mills Limited

have also requested to State Government for fixing of cane price based on the sharing of realisation from sugar and by-products. The State Government has already constituted a committee under the chairmanship of Chief Secretary of the state to submit its recommendations. We expect positive outcome on the same. In U.P. /Uttarakhand also the cane prices were not increased and financial assistance announced on the basis of linking the Sugar/by product revenue and sugar cane price.

2. Central Government is considering increasing the blending % of Ethanol in Petrol from 5% to 10%. This will improve the demand of Ethanol and price of Ethanol will improve from these.

B. OPPORTUNITIES & THREATS

Opportunities:

- Utilization of downstream by-products.
- Huge potential for increasing the High yielding cane crop to increase the cane crushing & sugar recovery rate.
- Potential for new and upgrading Technology for improved utility consumption factors and utilization of by-products.
- Potential for added incentive for REC (Renewal Energy Certificate) mechanism to addressing mis-match between availability of renewable sources in state and to meet the obligation.
- Potential for downstream production of Ethanol.
- Utilisation of waste of the distilleries in a productive manner.
- Potential for New Technology for Saving in Energy.

Threats:

- Vulnerability of sugar sector to inflation & unfavourable regulatory policies relating to fixation of higher cane prices.
- Weather conditions affecting yield and recovery.
- Deteriorating quality of soil due to overuse of fertilizer and pesticides.
- Fluctuations in selling price of finished product in domestic and global markets.

C. RISKS AND CONCERNS

Sugar industry being agro based is vulnerable to commodity cycles and is hence, fraught with several risks. Given below is a discussion on the risks as perceived by the Management. The list is not exhaustive and meant for information purpose only for Investors who are requested to rely on their own judgement while assessing the risks associated with the Sugar Industry and your Company.

- a) Raw material risk - Sugarcane is the principal raw material used for sugar production. Its availability, quality, growth and cost are affecting factors. These are in turn impacted by uncontrollable factors such as:-
 - the area under sugarcane cultivation;
 - availability of water;
 - Adverse weather conditions and crop disease;
 - Availability of better and higher yielding seeds;
 - Shifting of farmers' preference to other crops;
 - Diversion of sugarcane to other industries like Gur, khandsari etc.;
 - Adequacy of harvesting and seasonal unskilled labour;
 - Un-remunerative cane procurement price;
 - High Local and State level taxes.
 - Short crop cycle.
 - Fragmented land holding – low yields at farm level.
 - Mounting cane arrears.

Risk Mitigation

This risk can be mitigated by steps taken by the company through its Cane Development Programme which has yielded results in terms of high yields and recoveries. Government programme of Improved

Infrastructure for roads and communication; Provision of better quality and higher yielding seeds as well as fertilizers and pesticides; Prompt clearance of the cane dues of farmers and steps to improve their goodwill by adoption of social development measures such as establishing schools and dispensaries in the command areas etc.; Diversifying into multiple locations etc.

b) Regulatory Risks –

i. Environmental Risks

The Industry & Company is subject to environmental regulations and may be exposed to liability as a result of our handling of hazardous materials and potential costs for environmental compliance.

ii. Government policy related Risks

The Industry is regulated and your Company operates in a regulated environment. Central and State Government policies and factors such as:-

- State Advised Price (SAP) and Fair and Remunerative Price (FRP) for sugarcane;
- Control on sale of Molasses; affect the agricultural sector and related industries and in turn our operations and profitability.

Risk Mitigation

The regulatory risks listed above are Government policy driven and beyond Company's control and cannot be alleviated unless the industry is completely decontrolled. Every effort is made to conform to regulatory requirements while judicial recourse is made when warranted. Various representations through the body of the industry like ISMA, UPSMA, and UPDA submitted to the government to come out with the solutions regarding above risks.

c) Sugar Price Risk -

Sugar prices in the Domestic and International markets depend primarily on the supply and demand situation. Global prices influence and affect the domestic prices directly and sale of Molasses controlled by the respective States. Fluctuations in demand and supply arise on account of the changes in the availability and price of sugarcane, variances in the production capacities of our competitors, availability of substitutes for the sugar products and international demand and supply position.

Risk Mitigation

Your Company is unable to mitigate this risk since one does not have any control on the market forces and the regulatory prices. The wholesale price of sugar has a significant impact on our profits. Like other agricultural commodities, sugar is subject to price fluctuations resulting from weather, natural disasters, domestic and foreign trade policies, shifts in supply and demand and other factors beyond our control. Additionally, 15% to 30% of the total Global sugar production is traded on commodity exchanges which are speculative in nature and can adversely affect the global sugar prices and in turn the operations of your Company.

However, your Company is trying to reduce the impact of this risk by foraying into newer markets, entering the export market, more value addition by concentrating on downstream projects, increasing the quality and volume etc.

Branded Sugar

Uttam Sugar Mills Limited produces one of the finest quality sugars in India. The Sugar that we are currently packing is from our sugar plant situated at Libberheri, Roorkee. The quality/purity of sugar is one of the best in the country as we are packing the quality of sugar accepted by European Union Standard. From the last year onwards your company has entered into a very speciality products of Sugar in the aforesaid plant, these speciality product include sugar in the packaging of 1 Kg/5 Kg/ 10 Kg, Bura, Brown Sugar, Table Sugar, Sachets (Both in institutional & retail trade) in different packaging, icing sugar, superfine, pharma sugar, cube sugar, invert syrup etc.

Our packaged sugar is already selling in J&K, Himachal Pradesh, Punjab, Haryana, Delhi, Uttarakhand, Uttar Pradesh, Gujarat, Chandigarh, Rajasthan, Bihar, Assam and Madhya Pradesh through our distributors in the respective areas. We have already covered Modern Retails like Big Bazaar, Kendriya Bhandar, Easy Day, Mother Dairy, Bikanerwala, Britannia etc.

Uttam Sugar is a very quality centric company and the same will be reflected in our products to come.

Our future plans are very ambitious and we want to push Packaged Sugar in Market very aggressively. We would like to inform you that very soon we will be introducing other products along with our existing products.

We have also increased our packaged sugar sale from 3% in 2011-12 to 5% in 2012-13 to 9% in 2013-14 to 16 % in 2014-15 to 19 % in 2015-16 and efforts are going on to increase it further.

d) Cyclical Risk –

The industry is dependent on monsoons for both production and price realisation. Moreover, switching to other crops by cane growers on account of better returns affect the Industry.

Risk Mitigation

Your Company is unable to mitigate this risk since one does not have any control on the cyclical nature of the industry. However, Governmental initiatives to improve the irrigation by introducing various schemes as well as improvement in the distribution system by augmentation of the Canal Irrigation and tapping of the available surpluses of water are expected to mitigate this risk significantly.

e) Finance Risk –

The Industry is dependent on the availability of timely working capital at competitive interest rates and Long Term Finance for capacity enhancements / economic size of mills as well as for the manufacture of by-products.

Risk Mitigation

Your Company is facing severe financial constraints. However, it is approaching Banks for funding/finance

D. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Broadly, the areas of operation have been classified as Procurement, Manufacture, Marketing and Finance, in the functioning of which, various checks and control systems have been incorporated as Standard Operating Procedures. Even though they are considered adequate to reasonable safeguard its interests, a continuous review is undertaken for further improvement since the management gives lot of emphasis on continuous up gradation of business processes and adherence to the designed system and processes.

Moreover, there is an adequate and effective internal audit system in place in your Company that employs periodic checks on the various systems and on-going process. The Audit Committee of the Board of Directors of your Company comprising of reputed professionals, regularly reviews the effectiveness of internal control system and suggests changes wherever necessary, to ensure due and proper compliance with applicable laws, accounting standards and regulatory guidelines presently in vogue.

F. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT

Industrial relations in your Company have remained cordial throughout the year under review. As a result of huge gap between the cane price and the selling price of sugar, there is a severe financial crisis in the sugar industry on the whole. This has resulted into cost reduction measures but that has not affected harmonious human development relations.

Your Company has overcome all this by upgrading the process and the systems that help harmonize culture of the varied manpower arising out of diverse sources and backgrounds. The organization values human development as one of the cardinal principle in the growth of the Company. The organization has steadfastly stuck to its vision to enhance knowledge, skills and competencies of the human resources pool- helping them develop individually and collectively thereby improving productivity. To achieve all this, the Company is providing compensation by way of salary and wages which is at par with the prevailing standards in the industry. The Company is also in the midst of providing regular training to the employees for up-gradation of skills at various levels.

With these progressive steps, your Company has been able to maintain cordial relations with its employees even in this crucial time. The permanent employees on the Rolls of Company as on 31st March, 2016 were 586.

Independent Auditor's Report

TO THE SHAREHOLDERS OF UTTAM SUGAR MILLS LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **UTTAM SUGAR MILLS LIMITED** which comprise the Balance Sheet as at March 31, 2016, the Profit and Loss Statement and the Cash Flow Statement for the period i.e. 1st July 2015 to 31st March 2016 then ended and a summary of significant accounting policies and other explanatory information.

Management Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a. In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2016;
- b. In the case of the Profit and Loss Statement, of the Profit for the period ended on that date; and
- c. In the case of the Cash Flow Statement, of the cash flows for the period ended on that date.

Emphasis of Matter

We draw attention to:-

- Note no 41, the company has continued recognition of Deferred Tax Assets of Rs 14104 Lacs on unabsorbed business losses and unabsorbed depreciation. Significant losses in last few years indicate uncertainty as regards realization of such Deferred Tax Assets. The Company's Management is of the view that due to rise in sugar recovery supported by cane development activities, increase in sugar prices and initiatives taken

Uttam Sugar Mills Limited

by the government, it has become reasonable that sufficient taxable income will be available against which such deferred tax assets can be realized.

- Note no 42, regarding preparation of account ongoing concern basis despite substantial erosion of net worth of the company, however the company has generated profits during the current period and there is rise in sugar recovery and other mitigating factors as fully described therein.

Our opinion is not qualified in respect of above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143(11) of the Companies Act, 2013, we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books
 - c. The Balance Sheet, Profit and Loss Statement and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards referred to in section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 ;
 - e. On the basis of written representations received from the directors as on March 31,2016 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31,2016 from being appointed as a director in terms of section 164(2) of the Act.
 - f. with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed in note no 18 impact of pending litigations on financial positions in its financial statement

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Uttam Sugar Mills Limited ("the Company") as at 31 March,2016 in conjunction with our audit of the financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial

Uttam Sugar Mills Limited

Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note: 1 SIGNIFICANT ACCOUNTING POLICIES:

i. Basis of Accounting:

The Company follows the Mercantile System of Accounting and recognizes Income and Expenditure on Accrual Basis. The financial statements are prepared under the historical cost convention and are in accordance with the requirements of Companies Act, 2013, applicable Accounting Standards and accepted accounting principles.

ii. Tangible, Intangible Assets and Capital Work in Progress:

Tangible Assets are stated at cost, net of Cenvat and includes amount added on revaluation less accumulated Depreciation. Cost of acquisition or construction is inclusive of freight, duties, taxes and incidental expenses incurred during construction period.

Capital Work-in-Progress comprises cost of fixed assets that are not ready for its intended use at the reporting date. Expenditure during construction period that are directly attributable to the cost of bringing the assets to its working conditions and all common costs allocated on rational basis are treated as 'Pre-Operative Expenses' pending allocation and are shown under 'Capital Work-in Progress' and the same are allocated on pro-rata basis to the assets capitalized on commencement of commercial operations.

Items of expenditure that meet the recognition criteria as mentioned in Accounting Standard are classified as intangible Assets.

iii. Depreciation/Amortization :

- a) Depreciation on tangible fixed assets is provided on Straight Line basis so as to charge the cost of the assets or the amount substituted for costs in case of revalued assets less its residual value over the useful life of the respective asset as prescribed under part C of Schedule II to the Companies Act, 2013. Residual value has been considered as 5% of the cost of the respective assets.
- b) Leasehold Building Developments are amortized at lower of period of lease or ten years.
- c) Intangible Assets are amortized over a period of economic benefits not exceeding ten years.
- d) Depreciation/amortization on assets added, sold or discarded during the year is provided on pro – rata basis.

iv. Impairment of Assets:

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value and impairment loss is charged to profit and loss account in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

v. Leases :

Assets acquired under finance lease are recognized at the lower of the fair value of leased assets at inception and the present value of minimum lease payments, lease payments are apportioned between the finance charges and the reduction of the outstanding liability. The finance charges are allocated to the period during the lease term at a constant periodic rate of interest on the remaining balance of the liability.

In respect of fixed assets taken on finance lease, when there is reasonable certainty that the Company will obtain ownership by the end of the lease term, depreciation is provided in accordance with the policy followed by the Company for owned assets.

vi. Inventories:

Inventories (other than By-products) are valued at lower of cost or net realizable value.

Inventories of Renewal Energy Certificates (REC's) are valued at lower of cost or net realizable value.

Cost of inventories has been determined on current cost.

Cost of finished goods and Work in Progress has been worked out on absorption cost basis.

By- products and residuals are valued at net realizable value.

vii. Taxes on Income:

- a) Current tax is determined on the amount of tax payable in respect of taxable income for the year.
- b) Deferred tax assets/liabilities are provided on significant timing differences arising from the different treatments in accounting and taxation of relevant items. Deferred tax assets/liabilities shall be reviewed as at each Balance Sheet date, based on development during the year, to reassess realization/liabilities.
- c) Deferred Tax Assets in respect of unabsorbed brought forward Business Losses and Unabsorbed Depreciation are recognized and carried forward only if there is virtual certainty of its realization.
- d) Deferred Tax resulting from timing difference which originate during the tax holiday period but are expected to reverse after tax holiday period is recognized in the year in which the timing differences originate using the tax rates and laws enacted or substantively enacted by the balance sheet date.
- e) Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will be in a position to avail such credit under the provisions of the Income Tax Act, 1961.

viii. Revenue Recognition :

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and revenue can be reliably measured. The Company recognizes sale of goods when the significant risks and rewards of ownership are transferred to the customer.

Sales include Excise Duty, Administrative Charges & Entry Tax etc and exclude Sales Tax/Value Added Tax.

Revenue from sale of power is recognized when the units generated are transmitted to the pooling station, in accordance with the terms and conditions of the power purchase agreement entered into by the Company with the purchasing parties.

Interest Income is accounted on accrual basis.

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

ix. Expenses:

All the expenses are accounted for on accrual basis.

x. Government grants:

- a) Grants and subsidies from the Government are recognized when there is reasonable assurance that the Company would comply with the conditions attached with them and the grant/subsidy would be received.
- b) Government grants related to specific fixed assets are adjusted with the value of the fixed asset.
- c) Government grants related to revenue items are adjusted with the related expenditure. If not related to a specific expenditure, it is taken as income.

xi. Borrowing Costs:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as a part of the cost of such assets, when such asset is ready for its intended use. All other borrowing costs are charged to revenue.

xii. Foreign Currency Transactions:

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of transaction. Monetary items denominated in foreign currencies at the year ended translated at the year ended rates which is likely to be realized from, or required to disburse at the balance sheet date. Exchange differences arising on settlement of monetary items at rates different from those at which they were initially recorded / reported in financial statements are recognized as income or expense in the year in which they arise except exchange differences on liabilities/assets incurred for acquisition of fixed assets from outside India which are capitalized/ de-capitalized. Premium in respect of forward contract is accounted for over the period of the contract.

xiii. Provisions, Contingent Liabilities and Contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in notes. Contingent assets are neither recognized nor disclosed in the financial statements.

xiv. Employee Benefits :

- a) Short –term employee benefits are recognized as an expense at the undiscounted amount in the Profit & Loss Account of the period in which the related service is rendered.
- b) Long –term employee benefits are recognized as an expense in the Profit & Loss Account for the year in which the employee has rendered services. The expenses are recognized at the present value of the amount payable as per actuarial valuations, using Projected Unit Credit Method. Actuarial gains and losses in respect of such benefits are recognized in the Profit and loss Account.

xv. Segment Reporting :

Segments are identified based on the dominant source and nature of risks and returns and the internal organization and management structure. The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. In addition, the following specific accounting policies have been followed for segment reporting:

- a) Inter segment revenue is accounted for based on the transaction price agreed to between segments which is primarily market led.
- b) Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expense, which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been disclosed as 'Unallocable'.
