Namaste!!!

A very warm welcome to everyone to 30th Annual General Meeting of Indian Sucrose Limited. As we complete the three-decade existence in Indian Sugar Industry to bringing sweetness to people's lives and taste. For the 30th Anniversary of the Company I personally congratulate to all the stakeholders to keep showing your impeccable faith and trust in our management which we have succeeded in all these years.

Like the last year, we are once again meeting virtually as the continued impact of the Covid-19 pandemic necessitates adoption of safety precautions to arrest its spread.

At the outset, I wish to express solidarity with all those who have lost their loved ones and I wish a speedy recovery to those who are infected or battling with this Covid-19 pandemic. We at Indian Sucrose have also borne the brunt of this pandemic and had many of our stakeholders and their families affected and I, on behalf of Indian Sucrose Limited, take this opportunity to pledge our support to their families. I also hope and pray that each one of you and your family & friends, stay safe and secure in these testing times. Having seen the sudden and wide-spread impact of the second wave very recently, it is our individual and collective responsibility, to adopt and promote usage of safety precautions and push for large scale vaccination as it is the only reliable way to fight our way out of this pandemic.

As a responsible corporate citizen, our company continues to work strongly with various local authorities, agencies and hospitals supporting them not just through financial commitments but also meeting their requirements around sanitization products and services. Continuing with our foray of helping communities we have looked at extending help to various Government initiatives and hospitals across the country. Our recent priority has been to vaccinate our employees with agility and we have been holding various vaccination drives at our registered office towards this endeavor. I am

happy to report that at present more than 100% of our employees are vaccinated across the organization with at least one shot of the Vaccine.

Let me now take this opportunity to apprise you all of the key highlights of the last financial year and also touch upon some of the key initiatives undertaken by our company to not only address the immediate term business environment but also strengthen our leadership position in the market and build a strong foundation to take our company to the next level.

Recently Industry Body ISMA also write to PMO for seeking immediate increase in MSP because selling price of Sugar has remained static for more than 30 months. Fixed Remunerative Price (FRP) for cane increased by ₹10/quintal during the 2020-2021 sugar season. Recently the Government has once again increased the FRP by ₹5/quintal. Industry apex body ISMA feels it is the right time for the Government to decide on increasing the MSP to ₹34.50 to ₹35 per kilo which currently is at ₹31 per kg.

Further under the National Bio-Fuel Policy (NBP), 2018, by mixing higher percentage of Ethanol in petroleum will indirectly help in the supply side economies of sugar Sector and door step collection of Bagasse must be initiated by the Government of India at local levels and farmer's/mill owners must be given good remuneration for it.

On the long-term front, I am confident that with our singular focus on placing the customer at the center of all our actions, we will not only navigate any short-term turbulences successfully but also strengthen our leadership position further. And as the industry leader, we will continue to evolve along with our customers and will keep reinforcing our company's bond with all our customers.

Towards the end, I take this opportunity to really commend the dedication and zeal of all our employees who strived through a difficult period and ensured that as an organization we surmounted all the challenges and continued to take our organization forward. I would also like to thank all my colleagues on the Board for their continued support in all our endeavors.

Finally, I thank all our shareholders for their persistent trust and confidence on team Indian Sucrose Limited.

You're sincerely,

**Sd/-

DIVIDEND & TRANSFER TO RESERVES

No amount is proposed to be transferred to the reserve(s) and your Directors have not recommended payment of any dividend for the year under review.

CHANGE IN THE NATURE OF BUSINESS, IF ANY

During the year, there was no change in the nature of business of the Company.

MATERIAL CHANGES AND EVENTS AFTER BALANCE SHEET DATE

COVID 19

The Company is engaged primarily in the manufacturing and production of Essential Commodities, while operation fall under the category of “Essential Activities” issued by the Government of India, the operation of the company was thankfully lesser impacted. Our factory had to be abruptly closed for about a month forcing the left over cane to be crushed during peak summer month at lamentably low recovery. Given the gravest nature of lockdown conditions, we have less to complain.

The Company has taken proper steps to ensure smooth functioning of operations and for ensuring health and safety of employee. It has taken series of measures and implemented guidelines issued by the Government time to time. The company has duly adopted the Standard Operating Procedure (SOP) prescribed by the Central and State Governments, effectively ensuring the safety of all our employees. With the advent of vaccines and extension of its eligibility progressively diluting the age criterion, we have taken proactive steps to enthuse and enable all our eligible employees and their family to have the vaccinate in company organized vaccine centers/camps.

The resurgence of Covid-19 with its variants since March’21 is no doubt alarming and worrisome. With vastly improved health infrastructure and better preparedness, there is fervent hope that the situation would soon come under control. In any event, this is likely to have far less impact on the economy compared to last year when the country was grossly unprepared and under- equipped. Your company hopefully would remain immune from any significant adverse business impact.

SHARE CAPITAL

During the Financial year 2020-21 the Authorized Share Capital of the Company remains the same as that of previous year. However, the paid up Share Capital of the Company has been Changed from Rs.15,41,86,320/- to Rs.15,42,09,570/- due to receipt of pending calls money of Rs. 23,250/- by the holders who have failed to make the payment of pending call money at the time of allotment.

DEPOSITS

During the period under review, your Company has not accepted any deposits from public within the meaning of Sections 73 and 74 of the Companies Act, 2013 (the “Act”) and the Companies (Acceptance of Deposits) Rules, 2014.

TRANSFER OF AMOUNTS TO INVESTOR EDUCATION AND PROTECTION FUND

There was no amount required to be transferred to IEPF.

PARTICULARS OF LOANS, GUARANTEES AND INVESTMENTS

Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the Financial Statements.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Global Economic Review

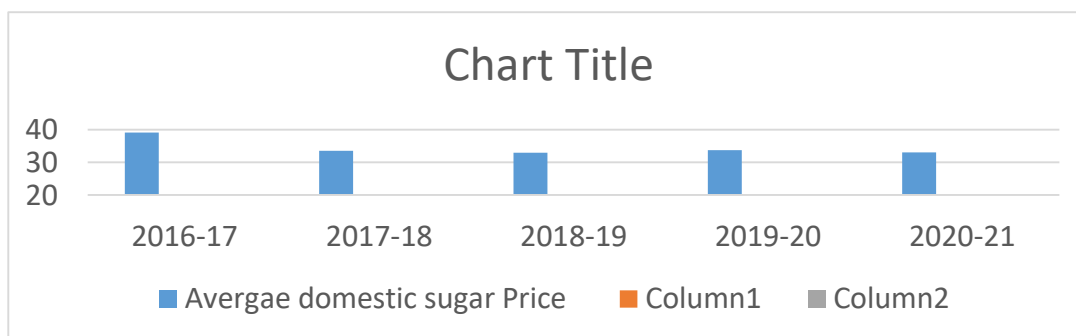

The global economy reported a de-growth of 3.5% in 2020 compared to a growth of 2.9% in 2019, the worst contraction since World War II. This sharp decline in global economic growth was largely due to the outbreak of the novel coronavirus and the consequent suspension of economic activity due to the pandemic-induced lockdown. This led to supply chain disruptions across the globe, resulting in the de-growth of some of the largest global economies. Global FDI reported a significant decline from \$1.5 trillion in 2019 to \$859 billion in 2020, the lowest since the 1990s and was more than 30% below the investment

Domestic sugar prices continue to remain range-bound

The wholesale sugar prices in India continued to average in the range of Rs.33 per kg - Rs.34 per kg for more than the past 3 years (SS 2017-18 to SS 2020-21 (up to 20 May 2021)). Sugar price that had averaged at Rs.39 per kg during SS 2016-17 declined by 14.3% to Rs.34 per kg in SS 2017- 18 primarily due to bumper sugar output of 32.5 million tonnes (growth of 60.1% y-o-y) and minimal sugar exports during the year. Following this, India had an opening stock of more than 10 million tonnes of sugar in each of the next 3 consecutive years, which is much more than the normative stock

requirement of 4-6 million tonnes for a year. India started SS 2018-19, SS 2019-20 and SS 2020-2021 with an opening stock of 10.7 million tonnes, 14.6 million tonnes and about 10.5 million tonnes, respectively. Such high carryover stocks have been restricting any major increase in domestic sugar prices since SS 2017-18.

In fact, the prices could have declined beyond the range of Rs.33 per kg - Rs.34 per kg had it not been for sugar Minimum Support Price (MSP) announced by the government at Rs.29 per kg in June 2018 which was further increased to Rs.31 per kg in February 2019. Lower sugar production by 11.3% to 25.1 million tonnes and 19.3% to 20.3 million tonnes during SS 2015-16 and SS 2016-17, respectively, had resulted in higher average price of Rs.39 per kg in SS 2016-17.

Sugar production and stock situation

As per the second advance estimates released by the Indian Sugar Mills Association (ISMA), sugar output in India is expected to increase by 10.2% y-o-y to 30.2 million tonnes during the sugar season (October-September) 2020-21 on account of higher production. This estimate is after excluding sugar diversion of about 2 million tonnes towards ethanol production during the year. During October 2020 – mid February 2021, sugar output in India increased by 22.9% to 20.9 million tonnes driven by 74% and 26.9% production growth, backed by increased sugarcane area, better yields among others.

The rise in production is in addition to the opening stock of about 10.6 million tonnes for the year 2020-21 which is estimated to bring sugar availability in India to 40.8 million tonnes during the year. After considering domestic consumption of around 26 million tonnes (as per ISMA) and exports of about 6 million tonnes (target set by government), India will have closing stock of around 8.8 million tonnes for the year 2020-21. This stock again will be more than the normative requirement of 2-3 months' stock for the next sugar season. Nevertheless, it will be about 17% lower than the previous year's closing stock of 10.6 million tonnes. India however is expected to miss the export target due to several international factors which are discussed in the report.

On 16 December 2020, the Cabinet Committee on Economic Affairs (CCEA) approved assistance of about Rs. 3,500 crores towards sugar export for the sugar season 2020-21 to curtail sugar glut situation in India and to reduce the quantum of sugarcane arrears owed by the sugar industry. This subsidy aims at covering expenses on marketing costs including handling, upgrading and other processing costs and costs of international and internal transport and freight charges on export of up to 6 million tonnes of sugar limited to Maximum Admissible Export Quota (MAEQ) allocated to sugar mills for sugar season 2020-21. During the previous season, export subsidy of about Rs. 6,268 crores were announced by the government.

The initial growth in prices was backed by unlocking of global economies and improvement in international sugar demand. In addition to this, expected lower sugar output in the European Union (world’s third largest sugar producer) and Thailand (second largest global sugar exporter) and uncertainty over Brazil’s diversion of cane crop towards sugar for the sugar season 2020-21 led to the upward trend in international sugar prices moving ahead. In December 2020, the Brazilian crop agency Conab had raised the sugar production estimate for the year 2020-21 (April-March) to 41.8 million tonnes from its earlier estimate of 39.3 million tonnes in August 2020. Brazil’s sugar output was 29.8 million tonnes during the year 2019-20. Moreover, a delay in export subsidy announcement by India for sugar season 2020-21 also supported the growth in international prices as it restricted the outflow of sugar from India. The export subsidy for sugar season 2019-20 was announced by the government in August 2019.

The export subsidy which was approved by the government on 16 December 2020 for the sugar year 2020-21 translated into an assistance of around Rs.5.8 per kg for sugar to be exported. Including the subsidy, white sugar prices in London and raw sugar prices in New York averaged at Rs.38.7 per kg and Rs.31 per kg, respectively, during 1 January-24 February 2021. The average wholesale sugar prices in India averaged at Rs.32.9 per kg during the same period which indicates support from the international sugar prices for Indian sugar mills to export sugar. As a result, sugar exports of about 2.5 million tonnes have been contracted with substantial amount been assigned for Indonesia. While lower exports from Thailand provides an opportunity to India to undertake sugar exports, container shortage and uncertainty of sugar exports to Iran due to Indian rupee shortage with Iran (in the previous year, sugar exports to Iran were about 1.14 million tonnes) are challenges that are expected to make difficult for India to attain the sugar export target of 6 million tonnes amid supporting international sugar prices. In addition to this, expected sugar outbound shipments from Brazil beginning April 2021 will also increase competition for sugar exports from India.

The global sugar prices are likely to stay firm and are expected to maintain the current price range till March 2021 unless sugar from Brazil for the new sugar season (April-March) 2021-22 starts coming in from April 2021 onwards. The uncertainty in Brazil over cane diversion towards sugar production is expected to continue as the prospects for fuel demand (ethanol) will guide the production of ethanol and thus sugar. Also, the pace of sugar exports from India will influence the movement in international sugar prices to an extent.

Some Interested Facts About Sugar Industry

The profitability analysis of cane cultivation has been carried out based on a survey of cane producing areas. The survey covered the farm size, cropping pattern, varieties adoption, labour and input costs, credit sources, transportation and processing costs. In addition, profit of other competing crops was also analysed. The number of analytical techniques such as, farm cost analysis, gross margin analysis was used to assess the profitability of sugarcane.

OPENING BALANCE FOR EVERY SUGAR SEASON (mn. tones)

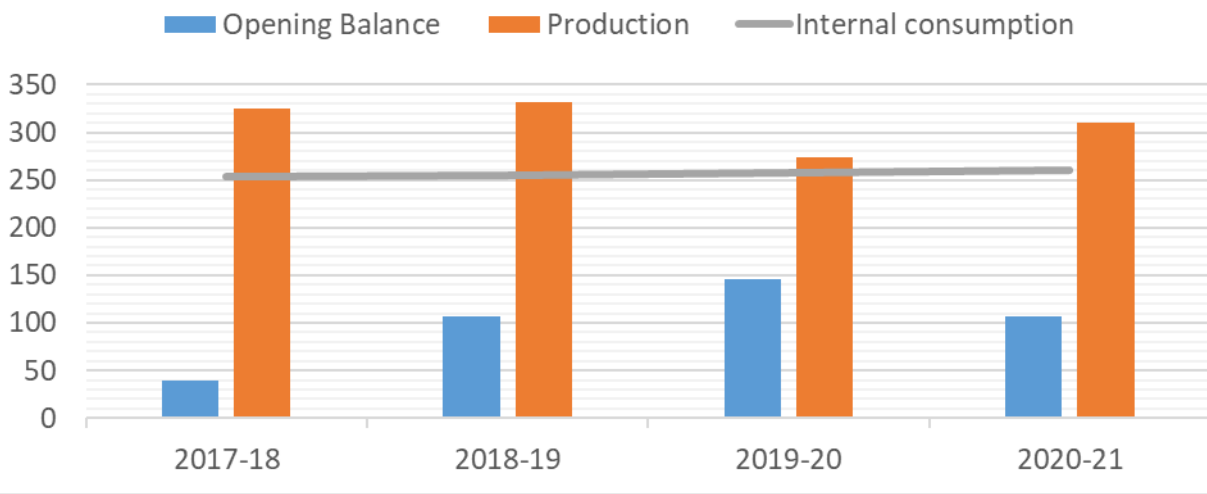

Sugar production is likely to rise 13% to 310 lakh tonnes this year, even as 106 lakh tonnes are still available from the previous year, according to the industry estimates. A significant increase in exports and ethanol diversion is needed to stave off a renewed liquidity crisis, which could jeopardize payment of dues to cane farmers. The remaining sugar stock from the previous year is at 106 lakh tonnes, which is 55 lakh tonnes more than the domestic requirement for the next few months before the new season’s sugar production becomes fully available in the market. “Since we expect much higher production in 2020-21 SS, India will need to continue to export about 60 lakh tonnes of the surplus sugar out of the country during 2020-21 SS,” said ISMA. High production and surplus stocks tend to drive down prices, resulting in mill owners delaying payment of dues to cane farmers. In Uttar Pradesh alone, arrears to farmers had crossed ₹8,000 crores even before the beginning of the new season. Over the last few years, the Centre has taken steps to incentivise exports and ethanol diversion in a bid to reduce stocks and improve liquidity.

Among Large Producers, India Pays Highest Cane Price

India among the Large Producer of Sugarcane, pay highest cane prices to farmers. As major population involved in the farming, it also helps in sustain the farmers and economic welfare.

STRUCTURAL SUGAR SURPLUS

The Rangarajan committee recommendations on sugar reforms have been put into cold storage. Yet, the industry has managed to break out from the infamous surplus-shortage cycle.

The Company is engaged in two segments, namely sugar and cogeneration of power(Cogen.). The segment wise performance for the year is as under:

SWOT ANALYSIS

Indian Sucrose Limited consists of manufacturing and trading facilities of sugar and power. Each of its business segments has its own strengths and weaknesses and exposures to a variety of opportunities and threats. The Company has the following SWOT attributes broadly:

STRENGTHS

- i) Molasses is condensed syrup liquid left after crushing and refining. It can be processed and converted into ethanol, which can be added to the petroleum to make it cleaner fuel.
- ii) By Products can be sold directly by farmers and mill owner to the Government or other industries that process them
- iii) Bagasse is the dry solid residue left over after crushing is done. It can be used as fodder to cattle, manure after degradation, for mulching the ground and for paper pulp.
- iv) National Bio-Fuel Policy, 2018 envisages to make the best use of bi-products offered by Sugar Industry
- v) Cultivation of Sugarcane is done as per the sustainable agro climatic condition although, irrigation facilities remain a perpetual problem in northern belt.

WEAKNESSES

- I) Sugarcane is a weight losing crop i.e. the weight of extricable mass is reduced upon transportation. Also due to weak forward linkage from farms to mills, the sugarcane dries up and loses weight. Thus profitability is reduced across the business chain.
- ii) Sugarcane is water intensive crop and its cultivation is highly dependent on artificial irrigation. Due to lack of dry land farming methods, its cultivation faces the risk of unproductive yields with growing water scarcity.
- iii) Non availability of sugar cane may adversely affect the sugar mills and cogeneration of power plants.

Opportunity

- i) Since the Sector provides employment to around 52 million people, there is need to increase R & D pertaining to sustainable cultivation, seeds, fertilizers etc. Emphasis should be on making cultivation of sugarcane climate resilient
- ii) Contractual farming and PPP Models must be promoted across the value chain.
- iii) National Bio- Fuel Policy (NBP-2018)- Mixing higher percentage of ethanol in petroleum will indirectly help the supply side economics of sugar sector.
- iv) National Bio- Fuel Policy (NBP-2018)- Door steps collection of bagasse must be initiated by Government of India at Local levels and farmer's/mill owner must be given good remuneration for it.
- v) Deregulation of Industry as to deciding the quantity of exports of sugarcane and finished products. This will help in dealing with demand-supply mismatch.

Threats

- i) Global Warming and erratic rainfall patterns have made the yield more uncertain. Consequently, farmers must be given risk premium in the form of insurance, basic pay (PMKSNY) etc.
- ii) Competition with other cash crops.
- iii) Change in perception of the people with respect to health and NCD and CVD mortality. More and More people are giving up consumption of Sugar.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
Indian Sucrose Limited

Report on the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone financial statements of M/s. Indian Sucrose Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of changes in Equity for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “Standalone Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, except the matter described under the paragraph basis for qualified opinion, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibilities for the Audit of the Standalone Financial Statements’ section of our report. We are independent of the Company in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate, except in respect of matters described below, to provide a basis for our audit opinion on the standalone financial statements.

- a) The company is holding Equity investment in Rangar Breweries Ltd., Yadu Resorts Private Ltd., and Versatile Events Private Ltd. As per Ind AS-32 “Financial Instrument: Presentation” the financial instruments should be presented at fair value but the fair valuation of above financial instrument as on 31/03/2021 is not available with the company. Accordingly, the same has been presented at their carrying cost as on 31/03/2020.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended 31 March 2021. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matter described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibility described in the Auditor’s responsibility for the audit of standalone financial statement section of our report, including in relation to the matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>(a) Inventory valuation (as described in note 6 of the financial statements)</p>	
<p>As per the accounting policy of the company, inventory of finished goods of sugar is valued at the lower of cost and net realizable value (‘NRV’).</p> <p>Sugar industry being seasonal in nature, the assessment of carrying value at each reporting date involves ascertainment of cost incurred till that reporting period for each sugar mill and estimation of corresponding NRV.</p> <p>We determined this to be a key audit matter given the significant judgement involved in the process due to different valuation parameters among sugar mills arising out of variability in the seasonal factors e.g. number of sugarcane crushing days, recovery of sugar from cane crushing and fluctuating selling price.</p>	<p>We performed the following procedures among others:</p> <ul style="list-style-type: none"> • Considered the appropriateness of the company’s accounting policies relating to valuation of finished goods sugar and assessing compliance with the applicable accounting standards. • Tested the effectiveness of the company’s controls over calculation of cost of finished goods for each sugar mill and estimation of corresponding NRV. <p>Based on the data used by the company to arrive at cost and NRV, including minimum selling price and actual selling price during the year end, we assessed the permanence of methods used, relevance and reliability of data and the calculations applied we also compared them with previously considered corresponding valuation to assess the quality of managements NRV estimates.</p>

	Based on the above procedure performed, we concluded that managements process for determination of NRV and comparing that with cost of inventory of finished sugar is reasonable and accordingly the valuation of finished inventory of sugar is appropriate.

Emphasis of Matter

The Board of Directors in its meeting held on 11.04.2020 took a decision to provide a temporary loan to farmers in the shape of providing temporary margin to Banks against loan provided by banks to farmers subject to the condition of maximum outstanding at any given point of time shall not exceed Rs.5.00 crore with outstanding maximum period of one week. Accordingly, as per relevant ledger account, during the year the company had paid Rs.57.12 crore to banks, on different dates, and an equivalent amount is repaid by the banks to company thus there is no outstanding as on 31.03.2021. In respect of above transactions the company is maintaining only consolidated voucher of daily payment and receipt entry passed in the books of accounts.

Other information

The company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report and Shareholder Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of

these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, as amended. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the audit of the standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that include our opinion. Reasonable assurance is the high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
 -
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 -
- Materiality is the magnitude of misstatements in the annual standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the annual standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the annual standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section 11 of section 143 of the Act, we give in the "Annexure-A", which forms part of this report, a statement on the matters prescribed in paragraphs 3 and 4 of the Order.

Annexure - B to the Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of Indian Sucrose Limited ("the Company") as of 31st March, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

2. Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

3. Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these standalone financial statements.

4. Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized

acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements

5. Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

6. Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to these standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating ineffectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1. Corporate information

Indian Sucrose Limited (“the Company”) is a public limited company domiciled in India and incorporated on 12 December, 1990 under the provisions of the Companies Act, 1956. The shares of the company are listed on stock exchanges in India i.e. at Bombay Stock Exchange Limited (BSE). The company is engaged in the manufacturing and selling of Sugar and Molasses. The company caters to domestic and international market.

The registered office of the company is situated at the complex of Indian Sucrose Limited, G. T. Road, Mukerian, Distt- Hoshiarpur - 144211, Punjab.

The financial statements are approved for issue by the Company’s Board of Directors on 30th June, 2021.

Note 2. Significant accounting policies

a. Statement of Compliance

The financial statements of the company have been prepared in accordance with the Indian Accounting Standards (IND AS) specified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standard) Rules, 2015. The financial statement have been prepared on going concern basis and all the applicable Ind AS effective as on the reporting date have been complied with.

b. Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value,

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

c. Functional and Presentation currency

The functional currency of the company is Indian rupee (INR). These financial statements are presented in Indian rupees. All amounts have been rounded off to the nearest rupee (INR) unless otherwise stated.

d. Use of estimates and judgements

The preparation of financial statements, in conformity with Ind AS requires management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgement and use of assumption in these financial statements have been disclosed in notes. Accounting estimates could change from period to period.

Actual results could differ from those estimates. Appropriate changes in estimates are made as management become aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made, and if material their effects are disclosed in the notes to the financial statements.

e. **Revenue Recognition from Operations**

Revenue from Sale of Goods and Services:

Revenue from contracts with customers is recognized when control of goods or services are transferred to the customers at an amount that reflects the consideration entitled in exchange for those goods or services, includes taxes and levies, collected on behalf of the government. In accordance IND AS-115 on revenue and Schedule-III of company's act-2013, duties levies like GST or not part of Revenue.

Generally, Control is transferred upon shipment of goods to the customer's or when the goods are made available to the customer, provided the transfer of the title to the customer occurs and the company has retained any significant title of ownership or future obligation with respect to the goods shipped.

Revenue is measured at the amount of consideration which the company expects to be received in exchange for transferring distinct goods or services to customers as are specified in the contract, excluding amount collected on behalf of third parties. Consideration is generally due upon satisfaction of performance obligations and a receivable is recognized when it became unconditional. Generally, the Credit period varies between 0-90 Days from the shipment on delivery of goods or services as the case may be.

In case of Discount, rebate, credit, price incentive or similar terms, consideration is determined based on its most likely amounts, which is assessed at each reporting period,

Interest-

Interest from Customer

Revenue from interest is recognized on a time proportion basis taking into account the amount outstanding and rate applicable

Other Interest

Interest income is recognized using effective interest rate (EIR).

Insurance and other claims

Insurance and other claims are recognized when there exists no significant uncertainty with regard to the amount to be realized and the ultimate collection thereof.

f. **Retirements and other employee Benefits**

i. **Provident Fund:**

Employees receive benefit in the form of Provident fund which is a defined contribution plan. The company has no obligation, other than the contribution payable to the provident fund. The company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

ii. **Defined Benefit Plans**

(i) Gratuity:

The Company provides for gratuity a defined benefit retirement plan “The gratuity plan” covering eligible employees. The gratuity plan provides for lump sum payment to vested employee at retirement, death, incapacitation or termination of employee of an amount based on the respective employee’s salary and the tenure of employment with the company.

Liability with regard to Gratuity Plan is determined by actuarial valuation, performed by an independent actuary at each Balance sheet date using the project unit credit method. The company has not taken any plan regarding payment of Gratuity to employees. But the company is recognizing the net obligation in its balance sheet as an assets or liability as determined by the actuarial valuation.

iii. **Compensated Absences**

The Employees of the Company are entitled to compensate absences. The employee can carry forward a portion of unutilized accumulated compensated absence and can carry and utilize it in future period or en-cash the leaves on retirement or on termination. Compensated absence which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the balance sheet date. The cost of providing benefit is determine based on actuarial valuation using projected unit credit method. Actuarial gain/ loss is recognized in the statement of profit or loss in the period in which they occur. Non accumulating compensated absences are recognized in the period, in which the absence occurs.

g. **Property, Plant and Equipment**

All items of property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any, Free hold land is stated at cost and not depreciated. The cost of an item of property, plant and equipment comprises:

- i) Its purchase price net of recoverable taxes where applicable and any attributable expenditure (directly or indirectly) for bringing the asset to its working condition for its intended use.
- ii) Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.
- iii) Initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either where the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Depreciation on property plant and equipment is provided on Straight Line Method on the basis of useful lives of such assets specified in Part C of Schedule II to the Companies Act, 2013, except the assets costing Rs.5000/- or below on which depreciation is charged @ 100% per annum on proportionate basis.

	As per Management Estimate
General Plant & Equipment on triple shift basis	15 Years
General Plant & Equipment on continuous process	15 Years

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. The depreciation method, useful lives and residual value are reviewed periodically and at the end of each reporting period.

h. Intangible assets

Intangible assets are stated at cost less accumulated amount of amortization and impairment if any. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence etc. The amortization method, estimated useful lives are reviewed periodically and at end of each reporting period.

i. Inventories

Inventories are valued at the cost or net realizable value whichever is lower. The cost in respect of various items of inventories is computed as under:

a	Raw Material and Components	First in first out method plus direct expenses
b	Stores and Spares	First in first out method
c	Work-in-progress	Cost of material plus appropriate share of overheads thereon at different stage of completion.
d	Finished goods	Cost of Material plus conversion cost, packing cost, and other overheads incurred to bring the goods there present conditions and location

j. Dividend to equity holders of the company

The company recognizes a liability to make dividend distribution to equity holders of the Company when the distribution is authorized and the distribution is no longer at the discretion of the Company. As per the corporate law in India a distribution is authorized when it is approved by the shareholders,

However, Board of Director of a company may declare interim dividend during any financial year out of the surplus in statement of profit and loss and out of the profit of the financial year in which such interim dividend is sought to be declare. A corresponding amount is recognized directly in equity.

k. Government Grants

The government grants are recognized only when there is a reasonable assurance of compliance that conditions attached to such grants shall be complied with and it is reasonably certain that the ultimate collection will be made.

Government grants related to revenue are recognized on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate.

Government grant in relation to fixed asset is treated as deferred income and is recognized in the statement of profit and loss on a systematic basis over the useful life of the asset.

l. Borrowing costs

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of cost of such asset. Qualifying asset is one that takes substantial period of time to

get ready for its intended use. All other borrowing costs are recognized as expenditure in the period in which these are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange difference to the extent regarded as an adjustment to the borrowing cost.

m. Accounting for taxes on income

Income tax expense comprises of current and deferred tax.

Current Income tax expense for the year is ascertained on the basis assessable profits computed in accordance with the provision of the income tax act, 1961. The Tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred tax is recognized using the balance sheet approach on the temporary differences between the carrying accounts of assets and liabilities in the financial statement and corresponding tax bases used in are generally recognized for all deductible temporary unused tax losses to the extent that it is probable that taxable profit will be available against which those deductible temporary difference can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition. (Other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the end of each reporting period recognized in net profit in the statement of profit and loss except to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date.

A deferred income tax asset\Liability is recognized only to the extent that it is probable that future taxable profit\loss will be available against which such assets can be realized. Deferred tax assets\liability are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

n. Earnings per Share

Basic earnings per share are computed by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholder and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, if any.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holder of the Company by the weighted average number of the equity shares considered for deriving basic earnings per equity shares and also the weighted average number of equity share that could have been issued upon conversion of diluted potential equity share. The diluted potential equity share is adjusted for the proceeds receivable had the equity share been actually issued at fair value (i.e. The Average market value of the outstanding equity share). Diluted potential equity share are deemed converted at the beginning of the period, unless issued at later date. Diluted potential equity share are determined independently for each period presented.

o. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Initial recognition and measurement

All financial assets and liabilities are recognized at fair value on initial recognition. Transaction cost in relation to financial assets and financial liabilities other than those carried at fair value through profit or loss (FVTPL) are added to the fair value on initial recognition.

Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are carried at fair value through profit or loss are immediately recognized in the statement of profit and loss.

2. Subsequent measurement

Non-derivative financial instruments

1. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flow that are solely payments of principal and interest on the principal amount outstanding.

3. Financial assets at fair value through profit and loss

A financial assets which is not classified in any of the above categories is subsequently measured through profit and loss.

4. Financial Liabilities

The financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

p. Impairment of fixed assets

Impairment of Property, Plant and equipment and intangible Assets

Plant and equipment and intangible assets Property, plant and equipment and intangible assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU (Cash Generating unit) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

q. Cash flow statement

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) –7 “Statement of Cash flows” using the indirect method for operating activities.

r. Cash and cash equivalent

Cash and cash equivalent for the purpose of statement of cash flows include bank balances, where the original maturity is three months or less. Other short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value. Bank overdraft are included as a component of cash and cash equivalent for the purpose of statement of cash flow.

s. Provisions and Contingent Liabilities

A provision is recognized if, as a result of past event, the company has a present obligation (legal or constructive) and on management judgement that is reasonably estimable and it is probable that an outflow of economic benefits will be required to settle the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

t. Current and non-current classification

The company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of assets and liabilities. This is based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents. Current

assets and current liabilities includes current portion of non-current financial assets and non-current financial liabilities respectively.

1. (ii) Critical accounting estimates

Useful lives of property, plant and equipment

The estimated useful lives of property, plant and equipment are based on a number of factors including the effects of obsolescence, internal assessment of user experience and other economic factors (such as the stability of the industry, and known technological advances) and the level of maintenance expenditure required to obtain the expected future cash flows from the assets.

The Company reviews the useful life of property, plant and equipment at the end of each reporting date.

Recoverable amount of property, plant and equipment

The recoverable amount of property, plant and equipment is based on estimates and assumptions regarding the expected market outlook and expected future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

Post-retirement benefit plans

Employee benefits obligations are measured on the basis of actuarial assumptions including any changes in these assumptions that may have a material impact on the resulting calculations.

Recognition of deferred tax assets

Recognition of deferred tax assets depends upon the availability of future profits against which tax losses carried forward can be used.

Estimation of uncertainties relating to the global health pandemic from COVID-19

The company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables and other assets, in developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the company, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements.

2. (iii) Recent accounting pronouncements: Standards issued but not effective

On March 24, 2021 the Ministry of Corporate Affairs (MCA) through a notification amended Schedule –III of the Companies Act, 2013. The amendments revise division I, II and III of schedule III and are applicable from April-1, 2021. Key amendments relating to division II which relate to companies whose financial statements are required to comply with companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liability should be separately disclosed under the head "Financial Liabilities" duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in Equity share Capital due to prior period errors and restated balances at the time of beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.

- Specified format for ageing schedule of trade receivables, trade payables capital work-in-progress and intangible assets under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, the disclosure of details of where it has been used.
- Specific disclosure under “additional regulatory requirement” such as compliance with approved scheme of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of Company, loans and advance to promoters, directors key management personnel (KMP) and related parties, details of benami property held etc.

Statement of Profit and Loss:

Additional disclosure relating to Corporate Social Responsibility (CSR), Undisclosed income and crypto or virtual currency specified under the head” addition Information in the notes forming part of the Standalone Financial Statements.

The amendments are extensive and the Company will evaluate the same give effect to them as required by law.

38-Financial Risk Management

The financial assets of the company include investments, loans, trade and other receivables, and cash and bank balances that derive directly from its operations. The financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company.

The company is mainly exposed to the following risks that arise from financial instruments:

- (i) Market Risk
- (ii) Liquidity risk
- (iii) Credit risk

The Company's senior management oversees the management of these risks and that advises on financial risks and the appropriate financial risk governance framework for the Company.

This note explains the risks which the company is exposed to and policies and framework adopted by the company to manage these risks:

(i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise two types of risk: foreign currency risk and interest rate risk.

(a) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

As the Company has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements if any. All the company's fixed rate borrowings are carried at amortized cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

At the reporting date the interest rate profile of the Company's interest bearing financial instrument is at its fair value:

Particulars	Carrying Amount (INR)	
	Financial Year 2020-21	Financial Year 2019-20
Variable rate instruments		
Long term borrowings	605,394,873	604,072,926
Current maturities of long term debt	69,824,516	68,342,923
Short term borrowings	1,366,255,980	303,453,991

ii- Liquidity Risk

The financial liabilities of the company include loans and borrowings, trade and other payables. The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations.

The company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The company plans to maintain sufficient cash to meet the obligations as and when falls due.

The below is the detail of contractual maturities of the financial liabilities of the company at the end of each reporting period:

Particulars	Financial Year 2020-21	Financial Year 2019-20
Borrowings including Current maturities	1,971,650,852	1,540,290,387

Later	-	-
Total	83,482,767	633,956,646

(iii) Credit Risk

Credit risk refers to the risk of default on its contractual terms or obligations by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. Credit risk on cash and bank balances is limited as the company generally invests in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies.

The company assesses the creditworthiness of the customers internally to whom goods are sold on credit terms in the normal course of business. The credit limit of each customer is defined in accordance with this assessment

The impairment analysis is performed on client to client basis for the debtors that are past due at the end of each reporting date. The company has not considered an allowance for doubtful debts in case of Trade receivables that are past due but there has not been a significant change in the credit quality and the amounts are still considered recoverable.

The following is the detail of revenues generated from top five customers of the company and allowance for lifetime expected credit loss:

Particulars	Financial Year 2020-21	Financial Year 2019-20
(a) Revenue from top five customers		
-% of total sales of top 1 customer	15.62%	18.34%
-% of total sales of top 5 customers	26.30%	39.65%
(b) Allowance for doubtful debt	0	0
-Balance at the beginning of the period	0	0
-Impairment loss recognized	0	0
-Amount written off	0	0
-Balance at the end of the period	0	0

Write off policy

The financial assets are written off in case there is no reasonable expectation of recovering from the financial asset.

39. Capital Management

The capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the company's capital management is to maintain optimum capital structure to reduce cost of capital and to maximize the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants which otherwise would permit the banks to immediately call loans and borrowings. In order to maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

Particulars	Financial Year 2020-21	Financial Year 2019-20
Borrowings	675,219,389	672,415,848
Less: Cash and cash equivalent	29,390,294	71,853,153

Total equity	1,108,235,171	890,697,334
Capital and Net debt	1,754,064,265	1,491,260,029
Gearing ratio	0.58	0.67

Further, there have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

There were no changes in the objectives, policies or processes for managing capital during the year ended 31 March 2021 and 31 March 2020.

40- In accordance with the Ind AS-36 on Impairment of Assets, the Company has assessed as on the balance sheet date, whether there are any indications with regard to the impairment of any of the assets. Based on such assessment it has been ascertained that no potential loss is present and therefore, formal estimate of recoverable amount has not been made. Accordingly no impairment loss has been provided in the books of account.

41- Auditors' Remuneration

42- The company is not maintaining separate details of amounts outstanding to Micro, Small and Medium Enterprises under the Micro, Small and Medium Enterprises Development Act, 2006 (MSMED Act). Accordingly, no details are being provided.

43- In accordance with IND AS 18 on "Revenue" and Schedule III to the Companies Act, 2013, Sales for the previous year ended 31 March 2017 and for the period 1 April to 30 June 2017 were reported gross of Excise Duty and net of VAT/ CST. Excise Duty was reported as a separate expense line item. Consequent to the introduction of Goods and Services Tax (GST) with effect from 1 July 2017, VAT/CST, Excise Duty etc. have been subsumed into GST and accordingly the same is not recognized as part of sales as per the requirements of Ind AS 18. This has resulted in lower reported sales in the current year in comparison to the sales reported under the pre-GST structure of indirect taxes. With the change in structure of indirect taxes, certain expenses where credit of GST is available are also being reported net of taxes

44- Expenditure of Corporate Social Responsibility (CSR)
