7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 including MCA Circulars read with SEBI Circulars.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

(i) The voting period begins on 26th September 2026 at 09:00 A.M. and ends on 28th September, 2026 at 05:00 P.M. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 22nd September, 2026 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

(ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

(iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders,

by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

(iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS

GLOBAL ECONOMIC OUTLOOK

The growth of Global Economy is expected to continue grow at 3.0% for 2026 and 3.4% in 2027. As of July 2026, the global economy looks resilient but unusually exposed to energy shocks, geopolitical conflict, trade fragmentation, high public debt, and financial-market re-pricing. At the same time, the AI investment boom is providing an important counterweight. For the Fiscal year 2026, IMF forecasts Growth is being restrained by the energy shock, geopolitical uncertainty and still-high interest rates. For the year 2027, IMF expects growth to accelerate to 3.4%, helped by normalization of energy conditions and continued technology investment. Growth will be highly uneven: economies integrated into AI/technology supply chains are doing considerably better than energy-dependent economies with little technology exposure.

INDIAN ECONOMY OUTLOOK

World Economic Forum of IMF estimates India's growth at 6.4% in the Year 2026 and 7.4% for the year 2027. The IMF highlights strong private consumption, which has been a major growth driver, Resilient services activity, Continued domestic investment and public infrastructure spending and highlights that India's position as an important engine of global growth

FICCI, the Federation of Indian Chambers of Commerce and Industry's survey attributed the relatively resilient outlook to strong domestic fundamentals, improving rural demand, consumer sentiment, and continued services-sector momentum. FICCI's latest available Economic Outlook Survey had projected India's GDP growth at 6.3% for FY2025–26. FICCI's Economic Outlook Survey, which includes responses from leading economists, indicates this growth is expected to be driven by a combination of factors including increased consumer spending, government-led infrastructure investments, and modest growth in the industrial and services

The Reserve Bank of India (RBI) Monetary Policy Committee, by considering all factors into account, the projection for real GDP growth of India for FY 2026–27 to 6.7%, from 6.6% in its June 2026 projection. The RBI's assessment is supported by resilient domestic economic activity, strengthening industrial production, and continued services-sector momentum. Recent RBI data also show strong merchandise export growth and robust non-food bank credit economies despite significant global uncertainties. The domestic growth remains resilient and is broadly progressing in line with the RBI's assessment. Private consumption, aided by strong rural demand, and fixed investment, supported by buoyant government capital expenditure, continue to drive economic activity.

GLOBAL SUGAR SCENARIO

Currently, about 110 countries produce sugar from either cane or beet, and eight countries produce sugar from both cane and beet. Sugar Production from sugarcane, on average, accounts for nearly 80% of global sugar production. The global sugar market is experiencing a dynamic interplay of factors, including production levels, weather patterns, policy decisions, and evolving consumer trends. The Global Sugar Market influences economies worldwide, with production occurring in 108 countries through both cane and beet cultivation. Sugar consumption is universal, spanning food manufacturing and retail (table-top) use, with per capita consumption varying significantly based on cultural practices and product accessibility.

For the Sugar Year 2026-27, Global sugar production is forecast 192 million Tons with higher production in Brazil and India expected to more than offset lower European Union production. Exports are down with lower shipments expected from the European Union and Thailand. The global consumption is estimated at 182 million Tons with a surplus of 10million Tons. This increase in production for this season is mainly due to weather conditions in Centre-South Brazil, allowing mills to continue crushing cane.

INDIAN SUGAR INDUSTRY SCENARIO

Sugar Production and Consumption :

ndia is the second largest sugar producer next to Brazil. In India Uttar Pradesh is the major producer of Sugar followed by Maharashtra, Karnataka and Telangana. Sugar industry is the most important Agro based industry and impact on the lively hood of Rural India.

India's 2026 sugar market has recently seen a dramatic price rally, but the industry says it is largely speculation rather than an actual physical shortage. India produced about 27.9 MT in the current marketing year, with roughly 3 MT diverted to ethanol and around 0.8 MT exported so far. Opening stocks for the next season are estimated around 0.5 MT, versus about 5 MT previously.

The outlook for the Indian sugar industry is cautiously optimistic, supported by strong policy backing, technological advancements, and evolving market dynamics. The government's continued emphasis on ethanol blending, with a target of 20% blending is expected to provide a stable revenue stream and reduce the industry's dependence on sugar alone.

Price –Sugarcane:

For the Sugar Crushing Season 2026-27, the Department of Food and Public Distribution, Ministry of Consumer Affairs, Food and Public Distribution, increased the FRP for sugarcane at Rs.365/- per quintal with higher of 2.81% from Rs 355/- of previous year, for a basic recovery of 10.25% and a premium of Rs.3.56 Ps for every 0.1% increase in the recovery rate, as recommended by the Commission of Agricultural Costs and Prices (CACP).

With a view to protect the interest of Sugar Cane farmers, with sugar mills having recoveries lower than 9.5%, the Government decided that there shall not be any deduction in case where recovery is below 9.5%; such farmers will get Rs.338.30 per quintal for sugarcane in the current sugar Season.

Fair and Remunerative Pricing (FRP) fixed by Central Government over the last four years and for the ensuing 2026-27 season as under:

Basic details of Cane Price	Crushing Year				
	2022-23	2023-24	2024-25	2025-26	2026-27
Basic Price Linked to Recovery	10%	10.25%	10.25%	10.25%	10.25%
Cane Price per Quintal	305	Rs 315	Rs 340/-	Rs 355/-	Rs 365/-
Premium: for every 0.1 percentage point increase in recovery above 10/10.25%	Rs Rs. 3.05 Quintal	Rs Rs. 3.05 Quintal	Rs Rs. 3.07 Quintal	Rs Rs. 3.32 Quintal	Rs 3.46 Quintal

Price – Sugar:

For the first time, the Ministry of Consumer Affairs, Food and Public Distribution, Govt of India, fixed the Minimum Selling Price (MSP) of Sugar at Rs 2900/- per quintal in June, 2018 and increased to Rs 3100/- per quintal in Feb 2019. However, since, the MSP is not matching with cost of production, the Indian Sugar Mills & Bio-Energy Manufacturers Association represented the Ministry of Consumer Affairs, Food and Public Distribution for increase of MSP. The Central Government yet to take a decision.

Government Policies towards Sugar Industry:

1. Increase of FRP of Sugar Cane.
2. Increase of Ethanol price produced from C Heavy Molasses
3. Encourage Sugar Mills to establish integrated Potash Derived from Molasses granulation Units

4. Compulsory use of jute bags for packing of Sugar under the Jute Packaging Act 1987
5. Amendment to Energy Conservation Act, 2001, designating Sugar as an Energy Intensive Industry
6. Central Procurement of Sugar by Army Purchase Organisation from 2025-26

Indian Bio Fuel Sector Overview:

Molasses is one of the by-product obtained from raw sugar during the manufacturing process. The ethanol can be produced in three different ways i.e. from Juice/ Syrup, B- heavy Molasses and C- Heavy Molasses.

The Government of India is keen on encouraging low carbon and environment friendly vehicles and imposed compulsory blending of Ethanol. Ethanol which is a bio fuel and blending with petrol will curb on vehicular pollution and on other hand also saves foreign exchange required for import of crude oil by reducing country' dependence on import of crude oil.

The Central Government targeted for blending of Ethanol with Petrol by advancing the targets from from 10% to 20% by 2025-26 (which was earlier targeted by 2030), along with improved pricing for Ethanol Supply to Oil Marketing Companies (OMCs). To achieve the targets, Government of India encouraging by giving directions to Commercial Banks to advance Term Loans and Soft loans on interest subvention for establishment of new ethanol produce units and for expansion of capacity of existing units.

The OMCs fixed the price of Ethanol from C Molasses fixed at Rs 57.97 per Lt with an increase of Rs 1.69 paisa per litre from previous price of 56.28 Per Lt, from B heavy Molasses Rs 60.73 ps per Litre and Rs 65.61 ps from Sugar Cane Juice and a price of ?71.86 a litre for maize and ?64/- per litre for ethanol made from damaged foodgrains.

The OMCs have invited bids for the supply of approximately 50 crore liters of ethanol for the fourth quarter (August to October) of the Ethanol Supply Year 2026-27. This tender is part of the ongoing effort to increase ethanol blending in petrol. The ethanol will be procured at the prevailing rates for ESY 2026-27.

COMPANY FUTURE OUTLOOK

The Sustainability of Sugar Industry depends upon availability of quality cane, which is a major concern. To overcome this, your Company constantly encourages the farmers by giving subsidy per acre and supplying quality seed, technical assistance, expert opinion and scientific methods of cultivation, ratoon management and other resources like facilitating harvesting labour, mechanised harvesting and transport facility of harvested cane to mill.

Availability of Cane:

Availability of Cane is the main concern of the Company. For the Crushing season 2026-27, the company targeted to crush 7.5 lakh tons of Cane.

Ethanol Production:

The company estimates production of 80 lakh litres of Ethanol from C-Heavy Molasses.

Power :

Another by product of sugar industry is Bagasse which is used for generation of green power. The company has signed Power Purchase Agreement with the Government of Telangana for supplying power to the grid. The Company has 25mw of power and after using 9 mw for captive consumption, exports the excess power to state Grid,

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the Financial Statements of Gayatri Sugars Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effect of the matter described in the *Basis for Qualified Opinion* section of our report below, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2026, and the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

As stated in note 29.16 to the accompanying Financial Statements, regarding the High Court dismissing the writ petition filed by the Company challenging the levy of electricity duty by the State Government on the consumption of electricity by captive generating units, the subsequent dismissal of special leave petition by the Honorable Supreme Court and the pending matter before the Board for Industrial and Financial Reconstruction being abated. As stated in the said note, the Company has treated the estimated duty amount aggregating to ₹ 283.99 Lakhs as a contingent liability and no provision has been made in respect of the same.

In view of the above, we are unable to comment on the ultimate outcome of the matter and the consequential impact if any on these Financial Statements.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
Accounting and Disclosure of Revaluation of Land in accordance with Ind AS 16: As stated in Note No. 29.14, during the year ended 31 March 2026, the Company changed its accounting policy for land classified under Property, Plant and Equipment from the cost model to the revaluation model in accordance with Ind AS 16 "Property, Plant and Equipment." The revaluation, conducted by an independent registered valuer, resulted in a revaluation gain of Rs. 24,005.30 Lakhs recognised in Other Comprehensive Income (OCI) and accumulated as Revaluation Surplus within equity. A corresponding deferred tax liability has been recognised on the revaluation surplus in accordance with Ind AS 12 "Income Taxes." We identified the revaluation of land as a key audit matter due to: • The significance of the carrying amount of land to the Company's financial statements. • The inherent subjectivity involved in determining fair value, which requires significant judgement and estimation by management and the valuer regarding valuation methodology, market data inputs, and key assumptions. • The first-time adoption of the revaluation model, requiring evaluation of the appropriateness of the change in accounting policy and its application.	**How the matter was addressed in the audit:** Our audit procedures included but were not limited to: We assessed the Company's determinations of fair value of asset i.e. land classified under Property, Plant and Equipment by: • Reading the valuation report prepared by the appointed external valuation specialists. • Evaluating the competence, objectivity and integrity of the appointed external valuation specialists. • Expert Evaluation: Evaluated the competence, capabilities, and objectivity of the independent registered valuer engaged by management. • Testing the mathematical accuracy of the underlying valuation workings and calculations. • Evaluating appropriateness of adequate disclosures in accordance with the applicable accounting standards.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and analysis, Boards Report including annexures to Board's Report, Business Responsibility Report, Corporate Governance, and Shareholder's Information, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for the safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation, and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2) As required by Section 143(3) of the Act, we report that:
   a) We have sought and except for the possible effects of the matter described in the Basis of Qualified Opinion Paragraph Above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) Except for the possible effects of the matter described in the Basis of Qualified Opinion Paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c) Except for the possible effects of the matter described in the Basis of Qualified Opinion Paragraph above, the Balance Sheet, the Statement of Profit and Loss including other Comprehensive Income, the Statement of Changes in Equity and the statement of Cash Flow dealt with by this Report are in agreement with the books of account.
   d) Except for the possible effects of the matter described in the Basis of Qualified Opinion Paragraph above, in our opinion, the aforesaid Financial Statements comply with Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors as on 31st March 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. As stated in Note No. 29.2 of the Financial Statements, the Company has disclosed the impact of pending litigations on its financial position in its financial statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on audit procedures which we considered reasonable and appropriate in the circumstances, nothing has come to the notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.

v. The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.

vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

3) The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

ANNEXURE "B" TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Qualified Opinion

We have audited the internal financial controls over financial reporting of Gayatri Sugars Limited ("the Company") as of 31st March, 2026 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, except for the possible effects of the material weaknesses described in Basis for Qualified Opinion paragraph below on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31st March, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements of the Company for the year ended 31st March, 2026, and these material weaknesses did not affect our opinion on the said financial statements of the Company, except in respect of the qualification relating to the Management's assessment of estimating potential liability relating to a disputed matter, in respect of which, we have issued a qualified opinion on the financial statements of the Company.

Basis for Qualified Opinion

According to the information and explanations given to us and based on our audit, material weakness have been identified as at March 2026 relating to Managements assessment of estimating potential liability relating to a disputed matter as described in note no. 29.16 to the Financial Statements. A "material weakness" is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance

Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

II **Audit Qualification:**

a. Details of Audit Qualification:

i) As stated in note 4 to the accompanying Audited Financial Results, regarding the High Court dismissing the writ petition filed by the Company challenging the levy of electricity duty by the State Government on the consumption of electricity by captive generating units, the subsequent dismissal of special leave petition by the Honorable Supreme Court and the pending matter before the Board for Industrial and Financial Reconstruction being abated. As stated in the said note, the Company has treated the estimated duty amount aggregating to Rs. 283.99 Lakhs as a contingent liability and no provision has been made in respect of the same.

In view of the above, we are unable to comment on the ultimate outcome of the matter and the consequential impact if any on these Audited Financial Results.

b. Type of Audit Qualification: Qualified Opinion/ ~~Disclaimer of Opinion~~/ ~~Adverse Opinion:~~

c. Frequency of Qualification:~~Whether appeared~~ ~~first time~~/Repetitive/ Since how long continuing:
Appearing since the Annual Audited Results of FY 2016-17

d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:
-Not Applicable-

e. For Audit Qualification(s) where the impact is not quantified by the auditor:
(i) Management's estimation on the impact of audit qualification:
Refer Note 3 of the Financial Results:
Impact of Qualification - ₹ 170 Lakhs debit to the Statement of Profit and Loss for the year ended 31st March 2026 which is to be disclosed as an Exceptional Item (Refer Note below). Accordingly, the liabilities as at 31st March 2026 will increase and the net worth as at 31st March 2026 shall reduce by the corresponding amount.

	Note: In the event of an unfavorable verdict in this matter, the Management based on the Supreme Court's interim orders and considering the inherent uncertainty in predicting the final outcome of the above litigation, estimates the impact of the potential liability to be ₹ 170 Lakhs. (ii) If management is unable to estimate the impact, reasons for the same: - Not Applicable-

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

CORPORATE INFORMATION:

Gayatri Sugars Limited was established in the year 1995 and its registered office is located at B2, 2nd Floor, 6-3-1090, TSR Towers, Rajbhavan Road, Somajiguda, Hyderabad – 500 082. The company is registered with Bombay Stock Exchange (BSE).

The Company is into manufacture of sugar and allied products and it also operates a power generation unit, the output of which is captively used and also exported to the grid. The Company's products include sugar, distillery products like Ethanol, Impure spirit and by-products like Molasses and Bagasse.

1. Significant Accounting Policies:

1.1. Compliance with Indian Accounting Standards (Ind AS)

The Company's Financial statements have been prepared to comply with generally accepted accounting principles in accordance with the Indian Accounting Standards (herein after referred to as "Ind AS") as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 ("the Act") read with rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendments rules 2016.

1.2. Basis of Preparation and Presentation of Financial Statements

The Financial statements are prepared on accrual basis following the historical cost convention except in case of certain financial instruments which are measured at fair values. The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed under Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Indian Accounting Standard (Ind AS) - 7 on "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with other notes required to be disclosed under the notified Ind AS and the Listing Agreement. Further, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations viz. SEBI guidelines override the same requiring a different treatment. Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy used previously.

Fair value for measurement adopted in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 17, Net Realizable value as per Ind AS 2 or value in use in Ind AS 36. Fair value measurements under Ind AS are categorized as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or Liability.

1.3. Use of Estimates

The preparation of financial statements in conformity with Ind AS requires the management of the Company to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as on the date of the financial statements. Actual results may differ from these estimates. The Company evaluates these estimations and assumptions on a continuous basis based on the historical experience and other factors including expectation of future events believed to be reasonable. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, estimation of costs as a proportion to the total costs, etc., Difference, if any, between the actual results and estimates is recognized in the period in which the results are known/materialized. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, are disclosed in the Notes to Account.

1.4 Inventories

(a) Raw materials, Stock-in-trade, Stores and Spares and Consumables are valued at lower of cost or net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a First-in-First out basis and Cost includes applicable taxes, duties, transport and handling costs.

(b) Finished goods are valued at lower of cost or net realizable value. Cost is average cost and includes all material costs, direct and indirect expenditure.

(c) Work-in-progress is valued at lower of cost up to estimated stage of process and net realisable value. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

(d) By-products are valued at estimated net realisable value as the cost is not ascertainable.

1.5 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, whereby the profit before extraordinary items and tax is adjusted for the effects of:

i. transactions of a non-cash nature; and

ii. any deferrals or accruals of past or future operating cash receipts or payments.

Items of income or expense associated from investing or financing cash flows of the company are segregated based on the available information.

Items of income or expense associated from investing or financing cash flows of the company are segregated based on the available information.

Cash and cash equivalents (including bank balances) are reflected as such in the Statement of Cash Flows.

Cash and cash equivalents, comprise cash on hand, balances in current, Cheque-on-hand pending to be presented in Bank and demand deposits with banks. Cash equivalents are

short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.6 Depreciation and amortization

In respect of Property, Plant and Equipment (other than Land and Capital Work in Progress) depreciation is charged on a straight-line basis over the useful lives as specified in Schedule II to the Companies Act 2013.

Software is amortised over a period of 3 years.

Individual assets costing less than ` 5,000/- are fully depreciated in the year of acquisition.

The Company has elected to consider the carrying values for all property, plant and equipment as deemed cost at the date of the transition i.e on 01st April, 2016.

1.7 Revenue Recognition :

- Revenue from Operations

(a) Sale of products

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods are transferred to the customer and is stated net of trade discounts, sales returns, Goods and Service Tax but inclusive of excise duty.

(b) Sale of power

Revenue from sale of power is recognised when the units generated are transmitted to the pooling station, in accordance with the terms and conditions of the power purchase agreement entered into by the Company with the purchasing party.

- Other income

(i) Interest Income is recognised on a time proportionate method using underlying Effective interest rates.

(ii) Insurance and other claims/refunds are accounted for as and when admitted by appropriate authorities.

Property Plant and Equipment are stated at cost of acquisition, less accumulated depreciation thereon. Expenditure which are capital in nature are capitalized at cost, which comprise of purchase price (net of rebates and discounts), import duties, levies, financing costs and all other expenditure directly attributable to bringing the asset to its working condition for its intended use. Freehold land is not depreciated.

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

(b) Capital Work in Progress :

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

1.10 Employee Benefits

Liability for employee benefits, both short and long term, for present and past service which are due as per the terms of employment are recorded in accordance with Indian Accounting Standard 19 "Employee Benefits" issued by the Companies (Accounting Standard) Rules, 2015. Re-measurement gains /losses on post-employment defined benefits comprising gains/ losses is reflected immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which it arises.

Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- Re-measurement

The company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'.

Past service cost is recognised in profit or loss in the period of a plan amendment.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected

immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

(a) Gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment. Vesting occurs upon completion of five years of service.

(b) Provident Fund

In accordance with applicable local laws, eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan to which both the employee and employer contributes monthly at a determined rate (currently up to 12% of an employee's salary). These contributions are either made to the respective Regional Provident Fund Commissioner, or the Central Provident Fund under the State Pension Scheme, and are recognized as expenses incurred.

(c) Compensated absences

The employees of the Company are entitled to compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation based on the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

1.11 Borrowing Cost

Borrowing costs net of any investment income from the temporary investment of related borrowings that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of assets acquired on finance lease and exchange differences arising on foreign currency borrowings to the extent they are regarded as an adjustment to interest costs.

1.12 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. There are no leases entered by the company.

1.13 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments

are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company.

- Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.
- Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.
- Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

1.14 Earnings Per Share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. The basic earnings per share ("EPS") are calculated by dividing the profit / (loss) after tax by the weighted average number of Equity Shares outstanding. Diluted earnings per share is computed by dividing net profits for the year, adjusted for the effects of dilutive potential equity shares, attributable to the Equity Shareholders by the weighted average number of the equity shares and dilutive potential equity shares outstanding during the year except where the results are anti-dilutive. Dilutive potential equity shares are deemed to be converted as of the beginning of the year, unless they have been issued at a later date.

1.15 Taxes on Income

(a) Current Tax

Provision for Current tax is made based on the liability computed in accordance with the relevant tax rates and provisions of Income Tax Act, 1961 as at the balance sheet date and any adjustments to taxes in respect of the previous years, penalties if any related to income tax are included in the current tax expense.

(b) Minimum Alternate Tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

(c) Deferred Tax

Deferred Tax is the tax expected to be payable or recoverable on differences between the carrying amount of the assets and liabilities for financial reporting purpose and the corresponding tax bases used in computation of taxable profit. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realized.

Current and deferred liability has been recognised in profit or loss, except to the extent that it related to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

1.16 Impairment of Non-Financial Assets

As at each Balance Sheet date, the Company assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- In case of an individual asset, at the higher of the Assets' fair value less cost to sell and value in use; and
- In case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of cash generating unit's fair value less cost to sell and value in use.
- In assessing Value in Use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specified with the asset. In determining fair value less cost to sell, recent market transactions are taken into account. If no such transaction can be identified, an appropriate valuation model is used.

  Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss, except for properties previously revalued with the revaluation taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through the Statement of Profit and Loss.

1.17 Financial Instruments

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial Assets and Financial Liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets and Financial Liabilities (other than Financial Assets and Financial Liabilities at fair value through profit or loss) are added to or deducted from the fair value of the Financial Assets or Financial Liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

1.18 Financial Assets

Financial Asset is any Asset that is -

(a) Cash

(b) Equity Instrument of another Entity,

(c) Contractual right to -
   i. receive Cash / another Financial Asset from another Entity, or
   ii. exchange Financial Assets or Financial Liabilities with another Entity under conditions that are potentially favourable to the Entity.

(d) a contract that will or may be settled in the entity's own equity instruments and is:
   i. a non-derivative for which the entity is or may be obliged to receive a variable number of the entity's own equity instruments; or
   ii. a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity's own equity instruments.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss.

Financial Liabilities

Financial liabilities are recognized at fair value net of transaction costs and are subsequently held at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit and loss are measured at fair value with changes in fair value recognized in the profit and loss account. Interest bearing bank loans are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

De-recognition of Financial Instruments

A Financial Asset is derecognized when the rights to receive cash flows from the asset have expired or the company has transferred substantially all the risks and rewards or the right to receive the cash flows under a contractual arrangement or has transferred the asset.

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expires. In the case where the existing liability is replaced by another liability either from the same lender or otherwise such an exchange is treated as de-recognition of the original liability and recognition of a new liability. Any change in the carrying amount of a liability is recognized in the Statement of Profit and Loss.

1.19 Provisions and Contingencies

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources to settle the obligation in respect of which reliable estimate can be made as on the balance sheet date. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent Liabilities are present obligations arising from a past event, when it is not probable / probability is remote that an outflow of resources will be required to settle the obligation and they are not recognized but are disclosed in the notes.

Contingent Assets are neither recognized nor disclosed in the financial statements except where it has become virtually certain that an inflow of economic benefit will arise, the asset and the related income are recognized in financial statements of the period in which the change occurs Provisions for Contingent Liabilities and Contingent Assets are reviewed at the end of Balance Sheet date.

1.20 Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.21 Exceptional items

Items of income and expenditure within profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items are disclosed separately as Exceptional Items.

1.22 Commitments

(a) Commitments are future liabilities for contractual expenditure.
(b) Commitments are classified and disclosed as follows:
- Estimated amount of contracts remaining to be executed on capital account and not provided for;
- Uncalled liability on shares and other investments partly paid;
- Funding related commitment to subsidiary, associate and joint venture companies and
- Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

(c) Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

29.3 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The Company's capital management is intended to maximise the return to shareholders for meeting the long-term and short-term goals of the Company through the optimization of the debt and equity balance. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may return capital to shareholders, issue new shares or adjust the dividend payment to shareholders (if permitted). Consistent with other entities in the industry, the Company monitors its capital using the gearing ratio which is net debt divided by total equity.

29.5 Financial Instruments (contd...)

In accordance with Ind AS 12, a deferred tax liability has been recognized on the taxable temporary difference arising from the revaluation of land. Since the revaluation gain is recognized in Other Comprehensive Income (OCI), the corresponding deferred tax expense is also recognized directly in OCI and accumulated in equity under the revaluation surplus.

Financial risk management objectives and policies

The Company's activities expose it to a variety of financial risks like market risk, credit risk and liquidity risks. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices.

a. Interest rate risk

The company's exposure to the risk of changes in market interest rate relates to the floating rate debt obligations.

Interest rate exposure

**(Includes Current Maturities)*

b. Foreign Currency Risk

Foreign Currency Risk is the risk that the Fair Value or Future Cash Flows of an exposure will fluctuate because of changes in foreign currency rates. Exposures can arise on account of the various assets and liabilities which are denominated in currencies other than Indian Rupee. There is no Foreign Currency Risk as the Company doesn't have exposure in currencies other than Indian Rupee.

c. Equity Price Risks:

Since the Company has not invested in equity investments, the changes of equity securities price would not have a effect on the profit or loss of the Company.

(ii) Comodity Price Risk

Commodity price risk arises due to fluctuation in prices of Sugar Cane, other raw material and products. Cost of Sugar cane is depend on Government policy on fixation of Fair and Remunerative Price (FRP) which is the major cost of production. The company has a risk management framework aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs. The company's commodity risk is managed centrally through well-established trading policies and control processes.

(iii) Credit Risk Management

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the company. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities.

The maximum exposure of the assets is contributed by trade receivables, cash and cash equivalents and other bank balances. Credit risk on trade receivables is limited as the customers of the Company mainly consist of the amount to be received from state government entities with respective sale of sugar and power. The company takes into account ageing of accounts

29.5 Financial Instruments (contd...)

receivables and the company's historical experience of the customers and financial conditions of the customers.

(iv) Liquidity Risk:

Liquidity Risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's management and finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the senior management.

(c) The entire present value of funded obligation at the year-end is unfued and hence, fair value of assets is not furnished.

(d) Sensitivity analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The table below outlines the effect on gratuity obligation in the event of a decrease/increase of 1% in the assumptions used.

(₹ in Lakhs)

Assumptions	For the Year ended 31st March, 2026 Gratuity	31st March, 2026 Compensated Absences	31st March, 2025 Gratuity	31st March, 2025 Compensated Absences
Discount rate increase by 1%	Decrease by 4.65%	Decrease by2.80%	Decrease by 4.98%	Decrease 2.90%
Discount rate decrease by 1%	Increase by 5.17%	Increase by 3.00%	Increase by 5.59%	Increase by 3.20%
Expected salary growth increase by 1%	Increase by 5.14%	Increase by 3.10%	Increase by 5.52%	Increase by 3.20%
Expected salary growth decrease by 1%	Decrease by 4.70%	Decrease by 2.90%	Decrease by 5.03%	Decrease by 3.00%

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the Balance Sheet.

Note: Deferred tax liability has been recognised on revaluation of land in accordance with Ind AS 12 Income Taxes. Deferred tax assets in respect of carried forward business losses have not been recognised, in absence reasonable certainty that sufficient future taxable income will be available against which such Deferred Tax Assets, the Company has recognised deferred tax asset on unabsorbed depreciation to the extent of the corresponding deferred tax liability on the difference between the tax base of assets as per books and as per Income Tax.

29.13 There are no derivative contracts taken during the year and outstanding as at the year-end. Further, there are no foreign currency exposures as at the year-end.

29.14 During the current financial year, the Company has adopted the revaluation model for land under the class of Property, Plant and Equipment in accordance with Ind AS 16. The revaluation was carried out by an independent registered valuer possessing appropriate qualifications and experience in valuation of properties. Accordingly, land is carried at revalued amount, being its fair value as at the date of revaluation. The resultant revaluation gain amounting to Rs. 24,005.30 Lakhs has been recognised in Other Comprehensive Income and accumulated under Revaluation Surplus in equity. Further, Deferred tax liability has been recognised on the revaluation surplus relating to freehold land in accordance with Ind AS 12.

29.15 The managerial remuneration paid to Managing director for the financial year 2025-26 of ` 60 lakhs was approved by the Share holders at the Annual General Meeting held on 27/09/2023 as per requirement of Section 197 read with schedule V of the Companies Act, 2013.

29.16 The Hon'ble High Court of Judicature at Hyderabad for the State of Telangana and the State of Andhra Pradesh dismissed the Company's writ petition (along with the other petitions on the same matter filed by other companies) vide its common order dated May 19, 2016 ('the Order') in which it upheld the validity of levy of Electricity Duty @ 25 paisa per unit by the State Government on consumption of electricity by captive generating units relating to earlier years. In the year 2016-17, the Company filed a Special Leave Petition (SLP) in the Hon'ble Supreme Court which dismissed the SLP vide order dated September 27, 2016 on the grounds that these matters were pending before the Board for Industrial and Financial Reconstruction (BIFR), and unless payments were being made by the petitioners as directed in its interim orders @ 15 paisa per unit. The Hon'ble Supreme Court also granted liberty to the petitioners to revive the petitions after the decision is given by the BIFR. Currently, the case filed before BIFR stands abated and the Company has not initiated any proceedings before the NCLT.

The management is of the view that as the case filed before BIFR stands abated and no demand notices were received thereafter for the payment, the Company has treated the estimated duty amount aggregating ₹ 283.99 lakhs as a Contingent Liability and no provision has been made in respect of the same. In the event of an unfavourable verdict/outcome in this matter, the Management based on the Supreme Court's interim orders and considering the inherent uncertainty in predicting the final outcome of the above litigation estimates the impact of the potential liability to be ₹ 170 lakhs.

In view of the above, the auditors have made a Qualified Opinion in their Audit Report about their inability to comment on the ultimate outcome of this matter and the consequential impact, if any, on these financial statements.
